1) Underground activities - ① CRC associations must be covered thru funneling of funds.

CIA feels it can only advise groups to work with CRC through triplicate arrangement. It will not withhold funds unless funneled thru CRC.

Argument: ~~But~~ no more stories in NY Times about CIA activities.

② Deposit of funds for clandestine & propaganda activities depends on submission of projects.

③ Briefing: he has ^{not} been ^{adequately} informed of these activities.

② Collateral organizations FORD (MIA) & DRE (students) won't work with him.

State advocates coercion; CIA opposes.

Do we favor US selection of Cuban leadership?

③ Sanchez is indispensable figure - eyes & ears of US - stop all activities hostile to CRC. He should have no political role at all.

Have read intelligence reports from him abt Castro - we will stop anything he is doing that is hostile to CRC.

[S. goes around Miami saying "Don't join CRC"]

④ Budgets inflated
Various bad influences

- ① CIA desire to run its own ops - prefers direct subvention to funneling thru CRC
- ② conflict betw operators & polit int
