June

Re Bureau telephone call, 10-1-75.

Enclosed herewith are Xerox copies of logs resulting from coverage through MM 834-C* which, according to Bureau records, was operative 8-9-62 through 12-12-62.

If Bureau will refer to JUNE letter dated 10-19-62, under caption, "SANTO TRAFFICANTE, JR., aka, AR," Bufile 92-2781, it will be observed that problem was encountered with the source approximately 9-26-62, due to an electrical storm. Monitoring was continued from 9-26-62 through 10-16-62; however, on that date, as logs will show, the equipment was shut off. It was not possible to retrieve the defective MATE until 12-12-62. By letter dated 12-13-62, Miami reported that MM 834-C* was discontinued at 5:00 p.m., 12-12-62.
