Reference is made to our previous communications  
in the captioned matter, particularly to our communication  
dated May 19, 1967, which transmitted a number of photographs  
depicting the recovery of the buried explosives by Mexican  
authorities. (S)

On May 25, 1967, our representative in Mexico fur-  
nished the following information: (S)(u)

The explosives recovered from the burial place in the  
State of Tamaulipas, Mexico, are in the custody of the Mexican  
Army in Mexico City. The possibility of having the explosives  
presented at a trial within the United States together with  
a competent witness from the Direccion Federal de Seguridad  
(Federal Security Police - DFS) or the Army has been proposed  
to the Mexican Government. (S)

On May 25, 1967, [redacted]  
of the DFS, and Rafael Hernandez Ochoa, Under Secretary of  
Government (Interior), advised that no decision has been  
reached as the matter is very sensitive politically. There  
is a feeling that the DFS should not be compromised in this  
matter even though they are anxious to see the subjects  
prosecuted. While it might be possible for Mexican Army  
demolition experts to testify, this also poses political  
problems which require further thought. (S)

Our representative noted that the final decision  
in this matter may rest with the presidency. (S)(u)

This is for your information and you will be kept  
advised of developments.
