PH 701-C\*

It has been ascertained on 11/25/64 that subject RUSSELL A. BUFALINO is changing his telephone service to add an additional telephone to the present location of PH 701-C\*. This new telephone will be an extension from a building being built by BUFALINO approximately three blocks away from the present location of PH 701-C\*.

The simplest means to continue this source's activity would be to replace the present altered 500 MR-3 instrument with an altered 44A block. This new service will be installed 12/9/64. This alteration can be undertaken with full security, using same pretext as used originally in obtaining services of PH 701-C\*.

The above-described change will be done by Philadelphia UACB.
