KC 284-C advised that in April of 1961, plans were made to set up an insurance agency in Kansas City to be backed by ALLAN DORFMAN of Chicago, which company was to write insurance for Teamsters Union members in Kansas City. This company was to handle general insurance, automobile insurance, fire and liability insurance and was to furnish supplemental health medical care policy for union members in addition to that which they already have with the union. This company, according to CI, already operates through most of the southern part of the United States, being operated by DUSTY MILLER, an international organizer for the Teamsters Union, whose headquarters are in Dallas, Texas. According to the plan, 10% of the premiums on policies written by this company were to go to the individuals in Kansas City responsible for the operation. These individuals identified by CI as ROY LEE WILLIAMS, President, Joint District Council 56 and Local 41, CECIL BENNETT, Secretary and Treasurer of Local 41, and others whose identities he did not know. In connection with this matter, SOL SCHWARTZ came to Kansas City from Chicago in April of this year to discuss setting up of the company. Prior to his meeting with union officials, SCHWARTZ contacted MAX JABEN inasmuch as SCHWARTZ is also the agent who has the insurance policy for the Gordon Building in Sedalia, Missouri, which property is owned by AUGUST GORDON. The purpose of this contact with JABEN, according to CI, was to straighten out GORDON's insurance with JABEN, it being noted that JABEN is alleged to be the individual contacted by GORDON to destroy this building for him. *mo*
