RE: SECOND NATIONAL FRONT OF  
CUBANEMERY (SNFC) (OPERATION  
ALPHA 03)

One of our Cuban exile sources who has been involved in anti-Castro activities in Cuba and the United States and who is a long-time acquaintance of Eloy Gutierrez Menoyo, leader of the captioned anti-Castro alliance, recently was told the following by a member of the alliance:

A military operation designated as "Plan Omega" which has been under development by the alliance for some time is in its final stages and is to be activated soon. This plan also encompasses use of the resources of other anti-Castro groups, including the Movimiento Revolucionario del Pueblo (MRP) and the Junta Revolucionaria (JURE).

Manolo Ray, the leader of the JURE, has access to a large boat berthed in Puerto Rico and at the appropriate time this boat will sail to the Bahama Islands, probably in the Cay Sal Bank area, where a rendezvous will be made with alliance personnel from Miami, Florida. A temporary assembly area will be established there and infiltration of men and material into Cuba will thereafter be attempted by sending small groups into Las Villas Province at several points along the northern coast of Cuba. Eloy Gutierrez Menoyo is one of those scheduled to be infiltrated into Cuba and approximately 100 to 200 men are expected to participate in the initial phase of "Plan Omega." After a base in Cuba has been successfully established Manolo Ray is scheduled to join Gutierrez and to assume political leadership of the operation while Gutierrez continues to be in charge of the military phases of the operation.

You will be advised if we receive any additional pertinent information of interest to you concerning this alleged operation.

**NOTE:** Classified "Confidential" to protect sources of continuing value who are to some extent directly involved in these plans and whose safety would be seriously jeopardized if their identities as sources were known to other participants. Data herein together with other information of purely U. S. interest has been furnished the military agencies, State Department, CIA, INS, Coast Guard and Customs. ~~X~~ On 4/15/64 Austin Horn, CIA, advised SA S. J. Papich that it is not backing the "Plan Omega" and has no operational interest in it. In view of the fact that CIA does have some operational interest in some phases of the group's activities CIA's authorization to furnish pertinent data of interest to the British was also obtained. ~~X~~ To our knowledge, no positive steps to carry out this operation have been taken.
