Attached for Mexico City is one copy of MIAirtel 7/30/68 in the captioned matter together with two copies of each of the three enclosures. One set of each of the enclosures contains an actual photograph of the individuals involved, while the other set contains a Xerox copy of the photograph of the individuals involved. The Bureau has revised that page in the enclosures which contains narrative information concerning the ESA. Copies of this page have been included in the material being transmitted to Mexico City and single copies are attached for each of the other recipients of this communication.

Mexico City is authorized to furnish copies of the photographs and descriptions contained in the enclosures to the Mexican Federal Security Police. It is suggested that the photographs furnished the police be the actual photographs rather than the Xerox copies. (C) U
