RE: ANTI FIDEL CASTRO ACTIVITIES
INTERNAL SECURITY - CUBA

MM T-1, a confidential source abroad, on February 5, 1971, advised that British Naval Forces during January, 1971 determined that Williams Island near Andros Island, Bahamas had been used fairly recently by militant Cuban exiles for training and/or staging. (c)

On Williams Island a quantity of expended ammunition shells were found, along with empty cans which previously contained food, miscellaneous medical kits, parts of military uniforms, fishing equipment, camping equipment, and a skeleton. (c)

There was also signs of an aircraft once having landed on Williams Island and it was determined that it would be possible for even a medium sized aircraft to land and take off without difficulty on this island. (c)

MM T-2 who has been involved in Cuban revolutionary activities for the past ten years, on March 16, 1971 advised as follows: (X)(u)

In 1964, MANUEL RAY, head of Junta Revolucionaria del Exilio (JURE), an active militant Cuban exile organization operating out of Miami, Florida in 1964 and 1965, was trying to send infiltration missions to Cuba. During that time JURE had a small group of men who were camped on Williams

RE: ANTI FIDEL CASTRO ACTIVITIES

MM T-3, a one time commercial airline pilot involved in making illegal trips out of the U. S. with Cuban exiles, advised that he had been to the majority of landing sites in the Florida keys and the Bahamas used by Cuban exiles for smuggling arms and weapons in airplanes. MM T-3 said although he knew the location of Williams Island he did not know of any landings made there by Cuban revolutionary pilots. (X/m)
