memoranda under their individual captions. The reports or memoranda should include any public statements they may have made showing their militant attitude as well as information showing their active participation in MIRR and other anti-Castro endeavors.

Any pertinent information incorporated in the material being prepared for dissemination originating with other Government agencies should be cleared with those agencies [for dissemination to RCMP] prior to its being incorporated in the material prepared for dissemination. Where this is done, an appropriate notation should be made in the cover communication accompanying the material. Bureau intends to furnish copies of the material being prepared to [RCMP] (u)

As in case of CNM members, the exact immigration status of each MIRR member should be obtained and included in the material being prepared. In addition, the records of the Identification Division should be checked and investigation conducted to determine if MIRR member has car. Include the results of these inquiries in the investigative results.

Furnish copies of the reports or memoranda to INS and Secret Service locally. Bureau will disseminate to interested agencies at headquarters level, including the Internal Security Division of the Department. Bear in mind it may become necessary at a subsequent date to suggest to the Internal Security Division that it may desire to have INS serve these individuals with notices of prevention of departure as has been done in the case of CNM members.

Upon receipt of compilations requested in preceding page, Identification records will be searched for fingerprints and copies will be sent Legat, Ottawa, by Bureau.
