Re Legat cable number 885 dated 9/29 last and Legat airtel of same date, one copy of each of which is enclosed for information of Dallas.

Enclosed for Legat are title page and 40 pages of your 5/13 last summary letterhead in this case which have been amended by the Bureau in order to enable declassification of your summary letterhead. The declassified version of your summary letterhead has been reproduced by the Bureau on xerox equipment and, where possible, the pages in your original summary were utilized in the unclassified version. The 40 pages enclosed herewith, when inserted among the appropriate pages in your classified letterhead, constitute the unclassified version furnished to the President's Commission. Note in this regard that the information set forth on pages 122 through and including 127 of your classified letterhead has been condensed into pages 122 through and including 124 in the unclassified version. This has necessitated renumbering the pages in the original draft beginning with page 123. The unclassified version is now 178 pages in length as opposed to the 181-page classified version.

Note that on page 304 of the Commission's summary report the Commission states in part as follows, "...the Government of Mexico initiated a thorough investigation to uncover as much information as possible on Oswald's trip. Representatives of U. S. agencies worked in close liaison with the Mexican law enforcement authorities." With this in mind, the Bureau rewrote your introductory paragraph on page one of the letterhead. The present
