For the Director's information, there is attached a memorandum which summarizes the results of our investigations of anti-Castro raids and contemplated raids, as received through 3/31/63.

We have obtained complete resumes on the 3/26/63 raid carried out by Q-66 on the Soviet ship from some of the participants and have learned both boats used in the raid had been docked previously at North Miami Beach. One leader states the bomb used was made up in the Bahamas from material taken from the U. S. [and he also states other arms used were provided by CIA prior to the April, 1961, invasion of Cuba and were subsequently hidden at various locations in the Bahamas]. Those interviewed positively denied any U. S. assistance or support for the raid.

All participants have been identified and Miami is locating and interviewing those not already interviewed. [We are separately advising British Intelligence of the new ramifications involving the Bahamas, which are British possessions.]

ACTION:

If you approve,

(1) Attached letter to the Attorney General enclosing a copy of the memorandum will be sent. Copies have been designated for the Deputy Attorney General and Assistant Attorney General Yeagley.

(2) Liaison will deliver a copy of the memorandum to Mr. Bromley Smith at the International Situation Room of the White House.
