Memorandum Donahoe to Belmont  
Re: QUINTIN PINO MACHADO  
105-92413

OBSERVATIONS:

A total of <sup>(S)</sup> [81] technical installations are in operation as of 2/13/61. One is being installed and two others have been recommended. This installation would make a total of <sup>(S)</sup> [85]. We have technical coverage on OAS offices which now occupy the premises formerly used by the Cuban Embassy. <sup>(S)</sup> However, it is known that Pino is a "lone wolf" and some of the threatening calls reportedly were made at night which would indicate possibility that they were made from Pino's residence. It appears likely that State Department would be interested in this coverage and we also would be in a position to determine definitely if Pino is engaged in intelligence activities. <sup>(S)</sup>

ACTION:

If you approve, liaison should discuss this matter with appropriate State Department official and determine if technical coverage of Pino's residence at Silver Spring, Maryland, is desired. Maximum security of the installation has been assured by the Washington Field Office. <sup>(S)(U)</sup>
