AIR FORCE

1. Training

On 28 June 1963 CIA requested authority to utilize a portion of Eglin Air Force Base in Florida for the covert training of CIA controlled Cuban nationals. Use of Eglin AFB will enable CIA to institute a survival training program for approximately 60 CIA controlled Cuban nationals per year. It will also include participation by the five Army personnel outlined above. This request was approved on 23 July 1963 following a survey of the installation by representatives of the CIA and the Department of Defense.

2. Material

As of February 1963 a CIA request for two 173 foot ships belonging to the Air Force was fulfilled. These ships were transferred to CIA after rehabilitation by the Air Force for use in CIA activities in the Miami area.

OPERATIONS

Two approved raids previously scheduled for execution on 26 July 1963 were postponed until mid-August by decision of the Special Group on 18 July 1963. Postponement was based on consideration of the possible impact of these raids on negotiations currently underway in Moscow. The raids, to be conducted by Cuban nationals trained and controlled by the CIA Miami activity referred to above, and to be launched from the Florida Keys by surface craft, encompass:

1. A night sabotage raid by a nine man Cuban team utilizing 75mm Recoilless rifles and 81mm mortars against the petroleum storage facilities at Casilda near Trinidad in Southern Las Villas Province.

2. A night sabotage raid by a nine man Cuban team utilizing 57mm Recoilless rifles and 3.5 rocket launchers against the sulfur reactors at Santa Lucia on the north coast of Pinar del Rio Province.
