ReBulets 7/29 and 8/10/64.

It is to be noted that Phila. has encountered technical difficulties in regard to PH 701-C* since its installation.

SA J. ROBERT PEARCE on 8/18/64 ascertained that the loss of volume was caused by a shortage of the installation within the Resident Agency in Wilkes-Barre. This has been remedied and it is hoped that the quality and quantity of information received from this source will increase.

On 8/13/64 source furnished information that BUFALINO was expected to be in New York on August 21. Source also advised that BUFALINO had the feeling his telephone was "tapped."

On 8/18/64, after correction of installation mentioned above, source advised BUFALINO was in contact with one WILLIE (LNU). At this time BUFALINO set up a meet with this person for Friday morning.

On 8/21/64 source advised BUFALINO was to meet WILLIAM BUFALINO JR., of Detroit, who according to PH 665-C-TE is the son of WILLIAM BUFALINO, a Detroit attorney who has some connection with JAMES HOFFA.

Phila. Division will continue to submit weekly summaries.
