ON INTELLIGENCE ACTIVITIES

MDR-16
ALL INFORMATION CONTAINED

At 2:30 p.m. on June 2, 1975, a conference was held with the Deputy Attorney General attended by K. William O'Connor, Kevin Maroney, Philip White, and Robert McDermott of the Department. Bureau representatives were Mr. Callahan, Mr. Adams, Mr. Wannall and me.

Mr. O'Connor discussed the request by the Senate Select Committee for access to the 39 page report by former Assistant Attorney General Petersen concerning COINTELPRO. Though objections were presented by the Bureau representatives that the report should not be furnished to the Committee, and its enclosures, particularly the legal memoranda should not be made available, the Deputy Attorney General decided and instructed that the 39 page report should be made available to John Elliff on Tuesday, June 3, 1975, for his review, at which time he would be permitted to take notes, but he would not be furnished a copy of the document. The Deputy further instructed that should Mr. Elliff request the attachments to the report, Mr. O'Connor should offer as an alternative the memoranda which initiated each of the COINTELPROs.

Upon our return to the Bureau, Mr. Adams requested that the Intelligence Division undertake an analysis of each of the summaries which were attached to the Petersen report in order to make a damage assessment based on factors that would affect current Bureau operations should they be revealed to the Committee. He also requested that ~~this information~~ be compiled and available to brief the Deputy Attorney General as to the difficulties that would be involved upon disclosure.

Dear Congressman Wiggins:

Reference is made to your letter dated April 9, 1975, enclosing a resolution adopted by the State Bar of California condemning the Federal Bureau of Investigation (FBI) for placing an informant on the staff of a legal service agency to communicate information learned in that capacity to the FBI and our response dated April 28, 1975.

Contact with the State Bar of California has enabled us to identify the situation to which they were referring.

Between April, 1968, and November, 1968, one Rudolph Leamer Muse was operated as an informant by our New Orleans, Louisiana, Division. Muse furnished information regarding black extremist activities and he was paid for services rendered. Muse was unemployed when initially volunteering his assistance to the FBI and subsequently, on May 10, 1968, began working as an investigator for the New Orleans Legal Assistance Corps (NOLAC), an organization funded by the Office of Economic Opportunity.

Information in the files of our New Orleans Division indicates during June, 1968, Muse advised it had become necessary to tell his supervisor at NOLAC of his relationship with the FBI. His supervisor became aware of Muse's association with black nationalist groups and attempted to discharge him. To avoid discharge, Muse told his supervisor he was cooperating with the FBI. Subsequently Muse's supervisor from NOLAC contacted the New Orleans Division and advised he wanted to assure the FBI that the relationship between

Muse and the FBI would be maintained by him and would go no further. Muse's supervisor said he was cognizant of the importance of Muse's cooperation with the FBI remaining confidential.

The New Orleans Division of the FBI never conducted any investigation regarding NOLAC and Muse never furnished information concerning its activities.

I hope this information will clarify the issue for you. If I may be of further assistance in this matter, please contact me.

A copy of this letter is being provided to the State Bar of California.

Honorable Charles E. Wiggins

NOTE:

The resolution of the State Bar of California (SBC) referred to above did not identify the specific incident in which they were interested so Congressman Wiggins' letter was acknowledged and we indicated additional details would follow. On 4/25/75 San Francisco advised the basis for the SBC resolution was articles contained in the 2/7/75 issues of the San Francisco Examiner and Oakland Tribune. In these articles Muse was not mentioned by name but the details corresponded with his case. On 4/28/75 Supervisor Ernest Wall, New Orleans, advised Muse was identified by name in articles concerning this incident in the 2/2/75 issue of the New Orleans Times Picayune and the 2/25/75 issue of the New Orleans States Item. Since Muse revealed his relationship with the FBI and has been publicly identified by name and appears to be no privacy issue or need to protect the confidentiality of our files, Congressman Wiggins should be advised of the complete details in this matter. As the SBC urged issues such as this be considered by the select committees of the U.S. Senate and House of Representatives, a copy of this communication is being furnished for the information of the Legal Analysis Section and Project Senstudy 75 in Division 5.
