**U. S. SENATE SELECT COMMITTEE  
TO STUDY GOVERNMENTAL OPERATIONS  
WITH RESPECT TO INTELLIGENCE ACTIVITIES (SSC)**

Reference is made to SSC letter dated March 31, 1976, requesting delivery of certain material maintained by the FBI, and to discussion of this request between an SSC Staff Member and a representative of the FBI on April 9, 1976.

In response to paragraphs 1 and 3 of aforementioned SSC request, we are delivering with this memorandum copies of certain material believed to be responsive.

It is noted that the coverage on Robert Amory, Jr., referred to in paragraph 1 of referenced SSC request, continued from February 21, 1963, until June 14, 1963, when it was discontinued due to Amory's departure for Europe. The coverage was reinstated July 24, 1963, and permanently discontinued November 6, 1963, because of lack of productivity of the source. (C)

With regard to the request in paragraph 3 of the referenced SSC letter, it is noted that the initial authorization for technical coverage of the Jewish Defense League (JDL) Headquarters in New York City was approved by Attorney General John N. Mitchell on September 15, 1970, and was actually in effect from October 1, 1970, to October 31, 1970.

Subsequently, Attorney General John N. Mitchell approved renewed technical coverage of JDL Headquarters on January 4, 1971, and March 31, 1971, each authorization being for a period of three months. The actual coverage under these latter authorizations commenced January 7, 1971, and was discontinued July 3, 1971.

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: ROBERT AMORY, JR.

ALL INFORMATION CONTAINED

CBC

Allegations have been received to the effect that Robert Amory, Jr., of the Bureau of the Budget, Washington, D. C., has been in the past in close association with a member of the Yugoslav Intelligence Service (YIS) and that Yugoslav intelligence is desirous of re-establishing contact with Mr. Amory to secure from him data available to him by virtue of his high position in the United States Government. (C) CBC

These allegations have been brought to the attention of the President. The President expressed personal interest in receiving information concerning the current relationship between Mr. Amory and representatives of YIS. (C) CBC

Mr. Amory's position and his access to many high-level sources within the United States Government make it impractical for this Bureau to utilize normal investigative procedures to secure data concerning his activities. However, it is felt that technical surveillance on his residence may be productive of pertinent information. (C)

Accordingly, it is requested that authority be granted to install a technical surveillance on the present residence of Mr. Amory, 4833 Dexter Terrace, Northwest, Washington, D. C., or any residence he may move to in the future. (C)

INTERNAL SECURITY - YUGOSLAVIA

COMMUNIST  
BLOC  
COUNTRY (CBC)

(c)

Attorney General (AG) is being requested to authorize technical surveillance on residence of subject in whose relationship with Yugoslav Intelligence Service (YIS) President Kennedy has expressed personal interest. (c)

Amory was Deputy Director, Intelligence, Central Intelligence Agency (CIA), 1952-1962. His principal duties at CIA related to preparation of intelligence estimates and he had access to high-level data. He resigned from CIA effective 4/15/62 to become an aide to the Director, Bureau of Budget, which position he now holds.

Amory has been a controversial figure. The Director has stated we should be circumspect in dealing with him. His interpretation of world communism has been questioned by a responsible Army official. He allegedly advocated admission of Red China to United Nations, discontinuance of CIA covert operations and opined that the cold war policies of noncommunist countries prevented Soviets from being reasonable.

In our investigation into Yugoslav intelligence activities in U.S. we developed information that Amory was friendly with Ante Drndic, Yugoslav Embassy, Washington, Minister and YIS chief, prior to Drndic's departure from U.S. July, 1962, and that YIS wanted to re-establish contact with Amory. YIS considered excellent data he gave Drndic. The data developed by Bureau informants was made available to the AG and the Honorable P. Kenneth O'Donnell. It was also furnished to CIA with a request that CIA inform Bureau concerning nature of Amory-Drndic contacts. CIA replied that its files showed no authorization for Amory's contacts with Drndic but contained references to Amory's comments on some meetings with Drndic. CIA concluded since Amory's comments re Drndic were made before Allen Dulles and General Charles Cabell, their association must be considered to have been authorized. Roger Hilsman, who was our contact at State Department re Yugoslav intelligence activities, received Bureau report identifying Amory as a personal friend of Drndic's who furnished him first-class information. Memorandum for Mr. Sullivan  
Re: ROBERT AMORY, JR.  
116-362245

SENSITIVE FOREIGN INTELLIGENCE SOURCE (SFLS)

On 2/4/63 we gave the AG and Honorable P. Kenneth O'Donnell substance of a report from WF 1373-S that a Yugoslav intelligence agent believed Amory was the source of reports on National Security Council meetings received by YIS from 1959 to 1961. The YIS agent had processed these reports when he was in Belgrade. He did not know definitely that Amory was the source. (C) CBC

On 2/6/63 Mr. O'Donnell told Assistant Director C. A. Evans that he had brought this latest report re Amory to the attention of President Kennedy and the President desired the Director to know he was personally interested in this matter. Mr. O'Donnell expressed concern because of continuing high-level sources Amory has. He noted Amory has long been close to the President, the AG and McGeorge Bundy, Special Assistant to the President. Mr. O'Donnell indicated that any data we develop concerning Yugoslav espionage be channeled to the President only through O'Donnell, it being noted that dissemination of such data to the AG is, of course, proper. Mr. O'Donnell expressed a desire to receive any additional data developed concerning Amory's contact with Yugoslavs. (C) CBC

Because of Amory's position and his many high-level contacts, normal investigative activity would only serve to alert him to our interest in him. Available information on Amory indicates interviewing him would be a waste of time. Technical surveillance, however, could develop information of interest to the Bureau, the AG and the President in this matter. Accordingly, a letter is attached requesting the AG's authority to place technical surveillance on the residence of Amory. Dissemination of any data concerning Amory will be limited to the AG and Mr. O'Donnell. The Washington Field Office is being instructed separately to exclude data on Amory from communications which may be disseminated. (C) NAME DELETED

Supervisor L.W.R. Oberndorf, Washington Field Office (WFO), after conducting survey on feasibility of technical coverage reported it can be placed with complete security and, if authorized, would be handled most discreetly within WFO with absolute minimum number of personnel aware of it. (C) NUMBER

We now have 100 technical surveillances in operation. In view of the interest of the President in Amory's activities if technical surveillance on him is approved we will discontinue existing technical coverage of the United Arab Republic, United Nations Delegation, New York City, instituted 10/23/62, based on critical (C) SFL Target

conditions in the Middle East. It has been productive in the past. In view of the fact that United Nations is not now in session it is believed that we can afford to discontinue this coverage at this time because information it might produce would probably be of less value than that we may obtain from coverage of Amory. (c)

ACTION:

If you approve, the attached letter will be delivered to the AG by Assistant Director Evans to secure authority for technical surveillance on Amory's residence. (c)

To seek approval for technical surveillance (tesur) of JDL headquarters in New York City. Memorandum for Attorney General attached.

Background: JDL is the leading pro-Jewish militant organization in the U.S. with headquarters in New York City. National membership alleged to be 8,000 with stated aim of organization to prevent repressive acts against Jewish race and to support current aims of Israeli Government in current Middle East crisis. Group has demonstrated proclivity for violence by attacks on Soviet and Arab diplomatic installations in New York City; trains its membership in karate and defensive tactics; and has been known to purchase shotguns and rifles for training purposes at its summer camp in upstate New York.

Upcoming United Nations (UN) sessions will provide prime target for JDL demonstrations against Soviet refusal to allow Jewish refugees to leave Russia and migrate to Israel. As recently as 9/8/70, JDL announced it might attempt to hijack Arab airliners in reprisal for Arab terrorist airline hijackings in Middle East. National Chairman of JDL stated, "If Arabs will use murder, they must be ready to live by the sword they will use." On same date members of JDL were responsible for disrupting a demonstration by Iranian students in New York City, resulting in street fights where three police officers were injured.

White House has expressed concern for utmost safety of dignitaries expected to attend upcoming UN sessions in September and October. Extraordinary steps taken to date include establishment of branch Secret Service headquarters in New York to coordinate security measures to be afforded the foreign visitors.

Memorandum to Mr. C. D. Brennan  
RE: JEWISH DEFENSE LEAGUE (JDL)  
62-112767

The demonstrated proclivity of JDL for violence and its avowed objectives of attacks against anti-Jewish nations and groups dictates we must give this organization closest coverage to prevent violence which could become subject of international embarrassment to U.S. New York Office has advised tesur is feasible with full security assured of JDL headquarters at 440 West 42nd Street, New York City. This coverage could provide obvious prewarning of violent acts planned by JDL.

Our quota for tesurs is <sup>NUMBER</sup> (forty) (Thirty-eight) have been approved and are or will be installed covering areas of importance to our fulfillment of FBI jurisdiction in investigative and intelligence matters. A (thirty-ninth) tesur is awaiting Attorney General approval. An additional tesur has been approved on a temporary basis covering (a former FBI employee in contact with (the Soviets)) (to be discontinued in one month). The Director has additionally approved temporary tesurs on (seven Middle Eastern and Soviet establishments) in New York for the critical period of the opening weeks of the 25th UN General Assembly. We are now seeking State Department clearance for these additional tesurs. Coverage of the JDL would be similar and for the same purpose as those previously approved for temporary operation during the September and October UN Sessions. It would be discontinued immediately thereafter.

RECOMMENDATION:

That tesur of JDL headquarters in New York City be approved. If approved, attached memorandum to the Attorney General will be sent.

ADDENDUM OF THE INSPECTION DIVISION W.M.FELT:wmj 9/14/70

This is a request for temporary telephone surveillance coverage of the Jewish Defense League (JDL) offices in New York during the October Commemoration Session of the United Nations.

*NUMBER OF FOREIGN COUNTERINTELLIGENCE TARGETS*

The Director has already approved (7) temporary surveillances for the same purpose -- all to be terminated on 11/1/70.

The requested JDL coverage could be very important in view of the paramilitary nature of this group which has threatened to hijack planes in retaliation against the Arabs. There has been press speculation that JDL is involved in the London kidnapping of 3 El Fatah members. I feel this request is logical and recommend approval.

The attached proposed memorandum to the Attorney General highlights the President's interest and emphasizes the temporary nature of the request.

MEMORANDUM FOR THE ATTORNEY GENERAL

RE: JEWISH DEFENSE LEAGUE  
440 WEST 42ND STREET  
NEW YORK, NEW YORK  
INTERNAL SECURITY - NATIONALISTIC TENDENCY

The captioned organization has recently emerged as the most militant pro-Jewish organization active in the United States. It has demonstrated its proclivity for demonstrations and violence by attacks on Soviet and Arab diplomatic installations in this country, as well as by participation in demonstrations in New York City, which have resulted in injury to private citizens and law enforcement officers. News media have reported that the leader of the Jewish Defense League, (JDL) on September 8, 1970, stated that his organization might attempt to hijack Arab airliners if there is a recurrence of air piracy by Arab terrorist groups in the current tensions surrounding the Middle East situation.

The White House has expressed its concern for utmost security being afforded the foreign dignitaries visiting New York City in September and October of this year on the occasion of the 25th Commemorative Anniversary Session of the United Nations. The JDL could easily seize the meetings of this international organization as an opportunity for violence or demonstrations against the foreign leaders in furtherance of the JDL aims of support for Israel and the Jewish race.

A surveillance of the telephone of the JDL headquarters could provide for advance knowledge of any activities of JDL which could create a situation of international embarrassment to this country. Installation of such coverage would not involve trespass. You are, therefore, requested to authorize technical surveillance of the telephone of the JDL headquarters for the critical period of the 25th General Assembly of the United Nations, to be discontinued no later than November 1, 1970.
