**UNITED STATES HOUSE SELECT  
COMMITTEE ON INTELLIGENCE  
REQUEST FOR INFORMATION**

**INFORMATION MEMORANDUM**

By letter dated December 1, 1975, A. Searle Field, Staff Director of the above-captioned Committee, asked the Department for details regarding the FBI's undercover proprietary operation in the greater Baltimore area.

On January 6, 1976, Deputy Associate Director James B. Adams and Deputy Assistant Director Frederick C. Fehl of the FBI met with you and explained why complying with this request might seriously jeopardize the lives of our Agents assigned to undercover investigations in the field of organized crime.

Inasmuch as it has been decided that information in connection with this particular operation must be made available to the Committee, I have instructed that this operation be suspended until we know how much additional information will be demanded and whether or not the disclosure of the information will jeopardize the operation.

Legal Counsel to Mr. J. B. Adams memorandum 12/30/75 reported intention of House Select Committee on Intelligence (HSC) to take depositions from former FBI Special Agents (SAs) Joseph William Magee and Joseph Leo Gormley concerning U. S. Recording Company purchases made by the FBI.

Pursuant to Recommendations 2 and 3 of the above-referred-to memorandum, addresses and telephone numbers were obtained from the personnel files and furnished to Supervisor P. V. Daly of the Legal Counsel Division on the morning of 1/2/76 so that he might orally advise the HSC of the current whereabouts of Magee and Gormley. Prior to furnishing of information to Daly, Supervisor S. F. Phillips of the Senstudy 75 Project had telephone conversations with both Magee and Gormley, also on the morning of 1/2/76, for the purpose of alerting them to the HSC interest and with the suggestion that, if they are contacted, they might call the Legal Counsel Division for further assistance. Both indicated that they would take such action and expressed appreciation for being alerted in advance. In addition, Magee advised of certain information which is being recorded hereinafter for information purposes.

quite busy and would not be able to see him immediately. The only information Epstein gave as to the reason for wanting to interview Magee was to get information about the early organization of the FBI Laboratory. There followed some further telephone calls between the two but they never got together for an interview at that time. However, Epstein again called Magee early during the week of 12/28/75 and asked Magee to appear for interview Tuesday, 1/6/76. The only information Epstein gave as to the subject matter of the interview was that it would be about the operations of the Bureau. Magee agreed to appearing for the interview.

It was explained to Magee that the same procedure relative to an SSC interview would apply as that for one of the HSC, and it was suggested that immediately after completing the conversation with Phillips, Magee telephone the Legal Counsel Division for further information, particularly as to waiver of the confidentiality agreement he has with the Bureau. Magee said that he would immediately call Mr. Mintz' office.

As a matter of interest, Magee also advised that, when he was first contacted by Epstein September last, he asked Epstein where the latter had gotten his name and Epstein said it was from Bill Sullivan. Magee then told Phillips that he could just not understand some of the things which he has been learning about Sullivan and he expressed dismay at some publicized reports that Sullivan had been making statements derogatory to the Bureau and the late Mr. Hoover. Magee said that at the time former Acting Director L. Patrick Gray left the Bureau, and before Mr. William D. Ruckelshaus was named to succeed him, Sullivan contacted Magee. Sullivan told Magee that he, Sullivan, fully intended to become FBI Director and that,

if he did, he wanted Magee to return to the Bureau to serve as Assistant Director in the Laboratory. The tenor of Magee's remarks was that he thought Sullivan was talking rather wildly in making such a job offer to him and that this applied as well to the idea of Sullivan becoming FBI Director.

HOUSE SELECT COMMITTEE  
ON INTELLIGENCE

On December 13, 1975, John Mohr, telephone number KE 8-5249, telephonically advised me that he had been summoned by the House Select Committee to appear for a deposition at 3:00 p. m. on Monday, December 15, 1975. He said that he was requesting the appointment of counsel to assist him at the deposition and he specifically asked that Bryan Gettings be designated as his counsel.

On Monday, December 15, 1975, I spoke with Thomas Martin, Special Assistant to the Assistant Attorney General, Civil Division, at 10:20 a. m. and advised him of Mr. Mohr's appointment for the deposition with the House Select Committee and of his request to have Bryan Gettings designated as counsel. Mr. Martin said that he would confer with Assistant Attorney General Lee concerning the request, but he was certain that Mr. Gettings could be designated to assist Mr. Mohr in this matter.

S. citizens) arrested for sabotage and espionage from 1960 to 1975.

Enclosed for your approval and forwarding to the HSC is the original of a memorandum which constitutes this Bureau's response to the above request. A copy of this memorandum is being furnished for your records.

RE: REQUEST FOR INFORMATION CONCERNING ARRESTS MADE IN AREAS OF SABOTAGE AND ESPIONAGE

On November 5, 1975, Assistant Director W. Raymond Wannall, Section Chief Robert L. Shackelford and Special Agent Supervisor David Ryan, all of this Bureau, offered sworn testimony to HSC Staff Members. Page 163 of the transcript, setting forth results of this testimony, contains the following question from HSC Staff Member Richard Vermaire; "How many domestics have been arrested for espionage or sabotage?" By the word domestics, it is believed Mr. Vermaire was referring to United States citizens. As a similar question referring to foreign nationals contained on Page 162 of the transcript limited the time frame from 1960 to 1975, this same time frame will be utilized in replying to the question concerning United States citizens.

Review of Bureau records indicates that, during the years 1960 to 1975, four United States citizens have been arrested for violation of the Sabotage Statute and twelve United States citizens have been arrested for violation of the Espionage Statute.
