

FOIA(b)(7) - (D)

This is to certify that on the 20th day of July, 1993, I received a telephone call from [redacted]

[redacted]

[redacted] advised me that he had just received a telephone call from one [redacted]

[redacted] who was employed at the White House and that she had advised him that Vincent Foster, known to both [redacted] and me, had gone to his car on the parking lot and had shot himself in the head.

I do not recall the exact time of the call but I place it as being during the rush hour at the White House and assumed there must be many witnesses to the event. [redacted] advised me that [redacted] was quite upset as if the event had happened shortly before her call to him. I estimate the time as being no later than six o'clock, Central Standard Time.

[redacted] advised me that he had telephonically contacted [redacted] who had relayed the message to [redacted]

[redacted]
