## MEMORANDUM

TO: File

FROM: Brett Kavanaugh

RE: Rod Rosenstein

DATE: July 5, 1995

This memorandum memorializes my practice with respect to Rod Rosenstein's involvement in the various Foster-related investigations. Because Mr. Rosenstein was employed at the Department of Justice in July 1993 and worked in the office of Deputy Attorney General Phil Heymann, I have not had any discussions with Mr. Rosenstein pertaining to the Foster investigations.

In addition, Mr. Rosenstein has not and will not have any role in any decisions that are made with respect to any Foster-related matters. Mr. Rosenstein and Judge Starr agreed to that understanding before Mr. Rosenstein began work in this Office, and I was informed of that understanding in a telephone conversation with Mr. Rosenstein at that time. I confirmed it again today in a telephone conversation with Mr. Rosenstein.
