	On 7/20/93 at approximately 1804 hrs, I was dispatched to Ft. Marcy for a reported dead body that was seen in the vicinity of the second cannon which is located N/O the parking lot. Car 261 Ofc. Kevin Fornshill was the first unit to arrive on the scene. Fairfax Co. Medie 1 and Engine 1 arrived on the scene and assisted Ofc. Fornshill in trying to locate the body. Shortly after, Ofc. Fornshill advised that he located the body just north of the second cannon approximately 200 yards N/O the parking lot. Ofc. Fornshill advised that a medie checked the subjects neck for a pulse and that the body had not been moved.				
	When I arrived on the scene, I observed three vehicles parked in the area. A blue 300E Mercedes 4dr, with Va. registration EZG 317 was abandoned with its hazard lights flashing at the entrance to Ft. Marcy. A white Nissan 4dr with Md. registration WFL 154 was backed in to the 5th parking space from the rear of the parking lot. A gray/brown Nissan 4dr with Arkansas registration RCN-504 was parked in the 4th space from the front of the parking lot.

ITEM

After securing the crime scene, I returned to the parking lot. Ofc. Spetz was speaking with a white male and a white female who had been in the area south of the parking lot. The two subjects stated that the white Nissan belonged to them. Det. Braun arrived on the scene and spoke to the two subjects.

At approximately 2045 hrs, CIB and ID completed their on scene investigation and Fairfax Co. Rescue transported the body to Fairfax Hospital. It was determined that the gray/brown Nissan with Arkansas registration belonged to the dead subject. The identity of the dead subject can be obtained from CIB. At approximately 2125 hrs, Raleys transported the vehicle to CIB to be held for further investigation. Time cleared 2130 hrs.

RESULTS OF INVESTIGATION

On July 21, 1993, I was requested by Sgt. Lawston to process a vehicle which was impounded by this department. The vehicle is presently in the fenced impound lot at CIH-AOF. I arrived at the impound lot at approximately 1415 hours. The vehicle is a 4(four) door HONDA ACCORD. There is only one plate on the rear. The plate is Arkansas RCN 504. There was evidence tape on all doors as well as the hood and trunk. The vehicle was dusted for latent prints and photographed. All items removed from the vehicle will be listed on a Form 43-11.

RESULTS OF INVESTIGATION

On July 23, 1993, I was requested by Sgt Rule to immediately process the weapon in the above case. I removed the weapon from a sealed bag and observed that the barrel of the weapon was covered with a piece of brown paper secured by rubber bands. I advised Capt. Hume of this. I collected and wrapped this piece of paper in an evidence bag. I then processed the weapon for latent prints which the Capt had requested. The results were negative.

RESULTS OF INVESTIGATION

On 7-20-93, at approximately 1815 hrs. the ID unit was requested to respond to Ft Marcy, Va. and assist in a death investigation. The undersigned responded to Ft Marcy met with Inv. R. Apt at the entrance to the park. Inv. Apt directed me to the first parking lot inside of the park where I met with the following persons: Inv. C. Braun, Inv. J. Rolla, Inv. Hodakievik, ~~Sgt Edwards~~ and officer B. Watson. I followed Investigators Rolla and Apt to the scene of the incident the location of which was referred to as "the last canon at Ft Marcy". I arrived at the scene and observed that the scene had been secured with crime scene tape and that Sgt Edwards was present. The undersigned photographed the scene using 35mm color film, color Polaroid photographs were taken by Inv. Rolla. I then collected a handgun and a pair of eyeglasses as evidence.

I returned to the parking area and was advised by Inv. Braun that the 4dr, grey, Honda Accord bearing Arkansas tags RCN 504 might be the victim's. The vehicle was parked in the 4th designated parking space on the left. I photographed the exterior of the vehicle opened all of the doors, which had been closed but not locked, and photographed the interior. Inv. Braun searched the interior of the car for identification and recovered a photo ID card apparently the victim's. I then sealed the car with evidence tape directed that it be taken to the CIB impound lot for further processing. I then left the scene and responded back to the ID office.

Investigation continues

Scene Investigation

Upon my arrival on the scene at approximately 1835 hours, I was advised by Ofc. J. Spetz that the following individuals had been in the area of Ft. Marcy for about the last hour. The individual were identified as:

FRIST, Mark J.
11808 Lennox Lane Home phone: (703) 5906928
Woodbridge, Va. 22192 Work phone: (202) 3341599

W/F [redacted]
Soc. [redacted]

Mr. Frist and Ms. Doody advised that they had been in the area of Ft. Marcy since approximately 1700 hours. Mr. Frist and Ms. Doody advised that they had not noticed anything unusual. Mr. Frist and Ms. Doody advised that they had been sitting in the wooded area off the south side of the parking lot. I asked Mr. Frist and Ms. Doody what other vehicles were in the area and they advised that when they arrived there had been a small car with a man without a shirt sitting in it, who left shortly after their arrival. They also described a white van with blue lettering, and advised that they observed the driver get out and empty trash. The final vehicle that they observed was a light colored older model car that pulled in next to the deceased vehicle. Mr. Frist said that the driver put the hood up and then walked up into the woods for a while and then returned to his vehicle and left. Mr. Frist and Ms. Doody described the driver as a white male with scrungy hair, but could not provide anything further. Mr. Frist and Ms. Doody were driving a white Nissan with MD. registration WFL 154, which was parked towards the east end of the parking lot. After receiving Mr. Frist's and Ms. Doody's information they were allowed to leave the area.

Death Investigation

RESULTS OF INVESTIGATION

After speaking with Mr. Frist and Ms. Doody, I went to observe the scene of the apparent suicide. After observing the scene of the apparent suicide with Inv. Abt, Inv. Rolla and Identification Technician Simonello, I returned to the vehicle in an attempt to locate identification for the deceased and a suicide note. I obtained identification for the deceased from his wallet. The wallet was located in the interior pocket of the suit jacket lying on the front passenger seat of a gray Honda with Arkansas registration RCN 504. The Arkansas drivers license identified the deceased as:

Vincent W. FOSTER

W/M, DOB: 01/15 45

Address: 5414 Stonewall Rd.,

Little Rock, Arkansas.

Also, present on the front passenger seat was a White House Identification in the name of Vincent W. Foster. The photographs from both identifications resembled the deceased. In searching the vehicle, I obtained correspondence that gave the following address of 3027 Cambridge Pl., N.W., Washington, D.C., for the deceased. I performed a thorough search of the vehicle and was unable to locate a suicide note.

Due to the fact that White House Identification was recovered, Lt. Gavin was notified and he made notification to the U.S. Secret Service.

After searching the vehicle, the keys to the vehicle could not be located, so Inv. Rolla and myself responded to Fairfax Hospital to recheck the decedents pockets. I located the keys to the vehicle in the decedents right front pants pocket. This set of keys and another set of keys were taken into custody to be held with the rest of the decedent's property.

Investigation continues.

NATURE OF INCIDENT Investigation	6 RECLASSIFICATION OF INCIDENT					

RESULTS OF INVESTIGATION

On 7/20/93, at approximately 1815, I (Inv. C.A. Hodakievic) arrived on the scene of a death investigation at Ft. Marcy. Upon my arrival I observed the following units already on the scene:

Fairfax Co. EMS Medic 1: Todd Hall
George Gonzoles
Rick Arthur

Engine 1: Ralph Pisani
Jennifer Wacha
Jay Iacone

USPP: car 202 Sgt. R. Edwards
car 213 Off. J. Spetz
car 261 Off. K.B. Fornshill
car 211 Off. F. Ferstle

EMS Medic 1 supervisor George Gonzoles notified me that they had discovered the body of a white male in the wooded area of Ft. Marcy. Gonzoles and Hall checked the body for vital signs and found none. Gonzoles stated that no other medical personnel touched or disturbed the body in any way.

As I entered Ft. Marcy parking area, I observed a blue Merz 4dr displaying VA tags EZO-317 ('94) parked in the entrance drive at the gate. The vehicles emergency flashers were activated. The vehicle was unoccupied and returned registered to Jeanne Slade, 1142 Randolph Rd., McLean, VA. At approximately 1900 hrs., a crane from Al's Towing (703) 790-1156 arrived at Ft. Marcy. The driver, Scott Randlett, stated that he had been called by Bob Slade (who claimed to be the owner of the Merz) to pick up the Merz. Randlett stated that he received the call from Slade at approximately 1855 hrs.

At approximately 1940, Fairfax Co. medical Examiner Donald Haut arrived on the scene and examined the body. McLean VFD M1 and Fairfax Co. Engine 1 responded back to the scene to transport the body to Fairfax County Hosp.

I cleared the scene at approximately 2045 hrs.

RESULTS OF INVESTIGATION										

On 7/21/93 Sgt. Rule, I.D.Tech's Johnson and Hill, and the undersigned responded to the officer of the Medical Examiner in Fairfax Va. At this time we met with Dr. Byer. After briefing him with the available information surrounding the crime scene and the victim he started the autopsy on the victim. Prior to our arrival the victim's tongue had been removed as well as parts of the soft tissue from the pallet. Dr. Byer stated that there was evidence of gunpowder residue on the soft tissue but not on the tongue.

Dr. Byer pointed out what he thought to be gunpowder residue on the right hand forefinger of the victim. I supplied him with a picture of the crime scene in which the suspected residue was evident.

During the autopsy Dr. Byer noted that the bullet trajectory was "upward and backward" exiting in the center line of the back of the head. Dr. Byer stated that X-rays indicated that there was no evidence of bullet fragments in the head.

Dr. Byer stated that it appeared that the victim had eaten a "large" meal which he believed to have occurred within 2-3 hours prior to death. He was unable to state positively what type of food was consumed but stated the it might have been meat and potatoes.

The cause of death was determined to be "perforated gunshot wound in and out". The point of entry was in the back of the mouth with the exit in the back of the head. Autopsy concluded at 1105 hrs.

Hair and blood samples as well as fingerprints were taken from the victim by Dr. Byer and turned over to I.D.Tech Johnson. In addition, I.D. took custody of the victim's clothing.

7 RESULTS OF INVESTIGATION

On 07/20/93 a Death Investigation was initiated into the apparent suicide of Vincent FOSTER, Jr., at Ft. Marcy Park, G.W.M.P. While going through the decedent's personal effects for possible motives for suicide, I, (Inv. Rolla), observed a piece of White House stationary in the decedent's wallet, upon which was written, among other things, the names of three Doctors and their phone numbers. The names and numbers were listed as follows: (1) Dr. Hedaya, 301-657-4749, 629-2557, (2) Dr. Pasternak, 965-9426, & (3) Dr. Allen, 333-3833.

On 07/22/93 myself and Inv. Abt. spoke via telephone to all three of the above listed Doctors. I spoke with Dr. Hedaya and Dr. Pasternack and Inv. Abt spoke with Dr. Allen. All three Doctors are Psychiatrists. All three Doctors also stated that they did not know Vincent Foster, Jr. and that he was not a patient of theirs. Further, all three doctors are on the Georgetown Faculty Department of Psychiatry and all three are listed with the Georgetown Medical Directory Referrals.

Dr. Robert Hedaya, 4701 Willard Ave., Chevy Chase, Md. 301-657-4749.

Dr. Pasternack, 2121 Wisconsin Ave., NW, Wash., D.C., Suite 280, 20007, 202-965-9426.

7/21/93: Bernard Nussbaum

After negotiations between the White House Counsel's Office and the Department of Justice were completed at approximately 1700 hours on 7/21/93, S/A Condon, S/A Salter, Captain Hume, and Detective Markland responded to the West Wing and spoke with Mr. Nussbaum to make arrangements for interviews and a search of Mr. Foster's office on 7/22/93. Mr. Nussbaum is Chief Counsel to the President. S/A Salter and Det. Markland obtained the following information from Mr. Nussbaum as a result of that meeting:

-Mr. Nussbaum had determined that Mr. Foster had left his office after lunch at 1310 hours on 7/20/93. Mr. Foster had not exhibited any unusual behavior on that day. Mr. Nussbaum tried to page Mr. Foster at approximately 1830 hours. After waiting a brief period of time without receiving a response, Mr. Nussbaum left and proceeded to his domicile, arriving at approximately 1900 hours.

-On 7/20/93 after Vincent Foster's death became known to him, Mr. Nussbaum responded back to the White House where he went through Mr. Foster's office with Patsy Thomassen and Maggie Williams. Mr. Foster stated that they conducted a brief, quick search to see if Mr. Foster may have left a suicide note on his desk. This search lasted from 2200 to 2400 hours. Mr. Nussbaum stated that no documents were removed from the office.

-Mr. Nussbaum stated that he learned that from about 0700-0715 hours one of the secretaries had entered Mr. Foster's office and "piled papers" on his desk top "to make it neat".

-At approximately 0900 hours Mr. Nussbaum again entered the office to look around.

-It was determined that the cleaning lady had emptied Mr. Foster's trash. The trash was retrieved and returned to the office.

-Mr. Nussbaum requested that the U.S.S.S. secure the office and the room was posted at approximately 1015 hours.

Investigation continues.

Interview: Deborah Gorham

Deborah Gorham is the Executive Assistant that was assigned to Vincent W. Foster. Her desk is located in the common area between the two offices in the West Wing of the White House occupied by Mr. Bernard Nussbaum and Mr. Foster, respectively. Other persons occupying this common office space are Betsy Pond (Executive Assistant to Mr. Nussbaum), Linda Tripp (Executive Assistant), Tom Castleton (Staff Assistant), and Marlene McDonald (Volunteer).

The interview took place in a West Wing office at approximately 0900 hours and was attended by Det. Markland (USPP), S/A Salter (FBI), and Assistant White House Counsel Steven Neuwirth.

Ms. Gorham stated that she did not know Mr. Foster before she was hired on March 8, 1993 and had no social relationship with either Mr. Foster or any member of his family. On 7/20/93 she left the office at approximately 1130 hours, which is the last time she saw Mr. Foster alive. She stated that she did not note any unusual behavior by Mr. Foster on that day.

Ms. Gorham recalled a conversation with Mr. Foster on Thursday, 7/15/93 when he discussed the differences in working for a law firm and working for the government. She placed no significance on the conversation at the time and, in retrospect, it still seemed to be a normal comparison.

Ms. Gorham was asked if Mr. Foster would have any reason to deal with physicians directly on a professional basis due to his involvement with the Health Care Reform proposals under consideration. Ms. Gorham stated that there was no reason whatsoever for Mr. Foster to deal with physicians professionally.

The interview was about to be terminated when Mr. Neuwirth asked us to remain and took Ms. Gorham out of the room to speak to her. A very short time later they returned and Ms. Gorham stated that there was one thing she thought may be important that she recalled. On Thursday, 7/15/93, Mrs. Foster had called her and asked for Mr. Foster's pay schedule, explaining that she believed their checking account was overdrawn. The Credit Union was contacted and they stated that they would work with Mrs. Foster on a weekly, instead of a biweekly, basis. After that conversation Ms. Gorham was authorized by Mr. Foster to pick up a statement every Friday for Mrs. Foster. Ms. Gorham did not see this as a real problem or place any significance on it.

7 RESULTS OF INVESTIGATION

This initial interview was concluded at approximately 0930 hours.

At approximately 1450 hours, immediately after the inventory of Mr. Foster's Office by White House Counsel (reference report under this case file number by Capt. Hume), Det. Markland and S/A Salter were asked to remain and were ushered into Mr. Nussbaum's office by Mr. Neuwirth. Ms. Gorham was brought in and she stated that she had just remembered some conversations that she thought were important to our investigation. Within the last two weeks Ms. Gorham had received calls from Mr. Foster's eldest son and Mrs. Foster inquiring about Vincent Foster's mood. They specifically asked how "he" was doing, not how the work was going, and seemed genuinely concerned.

Investigation continues.

Office Personnel Interviews

The following two people were interviewed at the West Wing of the White House by Detective Markland and Special Agent Salter on 7/22/93. The information provided by these two individuals was brief.

Tom Castleton (Staff Assistant) @ 1000 hours:

Mr. Castleton stated that he worked on 7/20/93 and remembers that Mr. Foster ate lunch at the office, although he could not place the time. Mr. Castleton was present when Mr. Foster left the office after eating lunch and said "So Long". Mr. Foster did not respond and seemed to Mr. Castleton to be "In his own world", focused, disturbed.

Linda Tripp (Executive Assistant) @ 1150 hours:

Ms. Tripp stated that she began her workday on 7/20/93 at 0800 hours. Mr. Foster's demeanor seemed normal to her, however, she had no personal dealings with him on that day.

Ms. Tripp makes it a habit to notice what the staff members are taking with them when they leave the office in order to determine for herself how long she may expect them to be away from the office. Ms. Tripp was absolutely certain that Mr. Foster did not carry anything in the way of a briefcase, bag, umbrella, etc... out of the office.

PH-202-296-3989

4:30 pm call

During this conversation he stated that he was travelling N/B on the GWMP at approximately [redacted] at which time he pulled into the Fort Marcy parking lot for the purpose of relieving himself. He stated that he recalled that as he was parking he noted a "brown foreign car with Arkansas plates" that was pulled into one of the first parking spaces available. Approximately 2-3 spaces away was what was described as a 1990 light metallic blue Honda with va. tags. This vehicle was backed into the parking spot. It was occupied by a W/M described as follows:

W/M, 25-30 yrs, 5'10"- 5'11", 170lbs, thin, mixed mexican/American, short hair, tan complexion

Mr. Nolton stated that as he got out of his vehicle this male subject was staring at he which made Nolton feel uncomfortable. Mr. Nolton relieved himself and immediately left the area. He stated that as he was pulling out from the Ft. marcy area he noted a older Chevy or Ford van, 1980's, dark brown, possibly a conversion type , to be driving into the parking area.

7 RESULTS OF INVESTIGATION

During the course of this investigation I was notified that there was a phone call made to the Park Police Communications section which reported that there might be a body at Fort Marcy. Pursuant to this I secured a copy of the tape and upon listening to it I realized that the reporting person refused to give his name to the dispatcher. During the course of the conversation this unidentified person stated that he worked for the Park Service and that he was making the call from Turkey Run Park. With this information Sgt. Rule and myself responded to the park office at Turkey Run Park. There we met with two people who we believed might be able to recognize the voice on the tape. Subsequent to this conversation we searched and located the following person:

Francis Swann
 6201 Dial Village Ln.
 Upper Marlboro, Md.
 HP-301-599-0384
 WP- Unknown
 works at the National Airport work yard for the
 National Park Service

During the interview with Mr. Swann he stated that "Chuck" (tree crew) and himself were sitting outside the Turkey Run Headquarters at approximately 1750 hrs. At this time a large white van, thought to possibly be a General Motors make, drove into the parking area. The van was best described as follows:

1987-1990, Chevy, white in color,
 construction writing on the side,
 Va. tags- unknown, no windows,
 described as "well used".

The operator of this van was described as follows:

W/M, 47-50 yoa, chunky/heavysset, 220-225 lbs,
 mostly graying hair, light sun tan, clean
 shaven with whiskers, possibly gay

This operator advised Mr. Swann that there was a body in the area of the cannon in Ft. Marcy Park. Based on this notification Mr. Swann called the Fairfax County Police and reported the incident. Subsequent to this call he called the U.S. Park Police and made the same report. Mr. Swann stated that there was no other conversation with regards to the body.

On July 26, I received a phone call from [redacted] FOIA(b)(7) - (D) [redacted]. She said that they had an employee who works in Building 213 near the Washington Navy Yard who may have some information reference to the Foster Investigation. She furnished his home and business phone numbers. He was questioned over the phone by Detective Markland on July 26, and again by me on August 2. The following is a summary of the information he provided:

On July 20, Ferris was on his way home to Sterling Park, -Virginia from Washington, D.C. [redacted] He always takes the George Washington Parkway home from work and drives past Fort Marcy Park. He passed Fort Marcy between 2:45 p.m. - 3:05 p.m. on July 20, 1993. He was driving north on the Parkway in the right lane when he noticed a dark metallic grey, Japanese sedan, cut from the left northbound lane into the right lane and turn abruptly into Fort Marcy. The vehicle was occupied by a single white make who was the driver. He remembered an out-of-state license tag with blue letters, Mid-Western State of Ohio or Arkansas. He recalled the state lettering in the lower right corner. The letters were blue. He thought it was unusual to see an out-of-state vehicle go into Fort Marcy. He was unable to offer any further description of the vehicle or driver.

Investigator John C. Rolla 07/27/93

On 07/27/93 myself and Captain Hume conducted an interview with Mr. Berl Anthony concerning case number 93-30502, death investigation of Vincent FOSTER, Jr.

Mr. Anthony is the brother-in-law of Vincent Foster, Jr. Mr. Anthony stated that he has known Vince Foster for thirty-five years. Mr. Anthony is married to Mr. Foster's sister Sheila. Mr. Anthony stated that he and his wife were very close to Vincent Foster and that Vince Foster had lived with he and his wife for ninety days when he first came to Washington, D.C. Mr. Anthony stated that he and his wife had noticed a gradual decline in Mr. Foster's general disposition to the point of depression. Mr. Anthony stated that Mr. Foster was not handling the politics in Washington, D.C. very well and blamed himself personally for the failed nominations for Attorney General and some of the sub-Cabinet posts. Mr. Foster also was very upset over some unfavorable articles printed by the Wall Street Journal in the last several weeks and seemed to take them personally. Mr. Anthony stated the Mr. Foster was also concerned about his legal advice and his role in the firing of seven White House travel office aides, aka (Travelgate).

During the month preceding Mr. Foster's death, Mr. Anthony stated that he and his wife noticed that Mr. Foster's depression had become increasingly worse and became very worried about Mr. Foster's well being. Mr. Anthony stated that he believed his wife had given Mr. Foster a list of three counselors, psychiatrists or other doctors who do counseling. Mr. Anthony stated that during a conversation approximately three weeks prior to Mr. Foster's death, Mr. Foster made a comment to the effect, I have spent a lifetime building my reputation and now I am in the process of having it tarnished.

Mr. Anthony stated that the last time he spoke to Mr. Foster he believed was the morning of July 12, 1993. Mr. Foster had called him and stated that he was worried that there might be a Congressional inquiry into the above mentioned firings of seven White House travel office aides. Mr. Foster asked Mr. Anthony to refer him to an attorney. Mr. Anthony stated that he thought this an odd request because Mr. Foster was a man who kept his own counsel and was not open even with the people who knew him best. Mr. Anthony stated that he got some information together on six different attorneys and it was taken by courier to Mr. Foster's residence on July 15, 1993 at 6:53 pm.

Inv. John C. Rolla (07/28/93)

On 07/28/93 myself and Lt. Robert Kass responded to the law offices of Sidler and Berlin at 3000 K Street, NW, Washington, D.C. to meet with James Hamilton, the Foster family attorney, in reference to viewing the personal documentation from Vincent Foster's office at the White House. We arrived at Mr. Hamilton's office at approximately 1600 hours. Present in our meeting/viewing were James Hamilton, Michael L. Spafford, another attorney from Swidler and Berlin and John C. Sloan, the executor of Vincent Foster, Jr.'s estate. In the presence of the above listed person's, myself and Lt. Kass reviewed documents from three boxes and notes from a personal diary. Also, Lt. Kass viewed two video tape cassettes in the presence of Spafford. For the purpose of conducting a handwriting comparison with a note found in Mr. Foster's office by White House officials, we took a letter from Mr. Foster to his bank and an empty envelope with handwriting on it. We also took a copy of the Wall Street Journal dated June 24, 1993 which contained an article on Mr. Foster. At approximately 1830 hours we cleared the law offices.

Interview: Steven Neuwirth

Steven Neuwirth is an Assistant White House Counsel and the person reported to have found the note presumably written by Vincent W. Foster that was turned over to Detective L. J. Megby on 7/27/93. The note had been discovered by Mr. Neuwirth during the packaging of Mr. Foster's personal effects on 7/26/93. On 7/29/93 at approximately 1130 hours, Steven Neuwirth was interviewed in Bernard Nussbaum's office by Detective Peter W. Markland and Captain Charles Hume. Mr. Nussbaum was also present and became a subject of the interview.

The following questions were posed to the two gentlemen regarding the note in question:

How could this note have avoided detection during the search of Mr. Foster's office by Mr. Nussbaum and other members of the White House Counsel's office in our presence on 7/22/93?

If the note was found on 7/26/93 why were the police not notified of it's existence until approximately 8:00 P.M. on 7/27/93?

Mr. Nussbaum stated it was his recollection that he removed materials from the briefcase, which remained on the floor, and placed them on the desk in front of him. He then went through the materials. He inferred that because of this he had missed the small scraps of yellow paper that obviously remained in the bottom of the briefcase. I informed Mr. Nussbaum that I was seated on the small couch directly across from and facing him and that I had a clear view of the briefcase when he removed it's contents, also that after the contents were removed I could see that he spread open the briefcase and visually inspected it as if to confirm that it was, indeed, empty. Mr. Nussbaum did not recall doing what I described. Captain Hume stated that he observed that Mr. Nussbaum handled the briefcase a third time when he slid it back towards the wall behind him in order to access the desk's file drawer. Mr. Nussbaum agreed with Captain Hume's recollection of sliding the case to the rear.

Mr. Nussbaum then related that the following people were contacted to view the document before a determination could be made to disclose it to the U. S. Park Police:

- Bill Burton (Deputy Chief of Staff)
- Thomas F. McLarty (Chief of Staff)
- Lisa Foster (wife of Vincent Foster)
- Phillip Heymann (Deputy Attorney General)
- Janet Reno (Attorney General)

President Clinton was made aware of the existence of the document. Only Mr. Neuwirth and Mr. Nussbaum handled the document.

Mr. Neuwirth then related his recollection of the discovery of the document. He stated that he was in the process of gathering and packaging Mr. Foster's personal affects for delivery to the family when he turned the briefcase sideways in order to fit it into a box without causing damage to a photograph of the President with Mr. Foster's daughter, Laura. When he did this some torn yellow paper scraps fell out of the briefcase and he noticed handwriting on them. He then retrieved a number of other similar scraps from the bottom of the case and took them to the table in Mr. Nussbaum's office where he assembled the document which was, ultimately, turned over to Detective Megby.

Mr. Nussbaum was asked if he could clarify two entries on the handwritten note. "HRC" refers to the first lady; "KAKI" refers to an interior decorator employed by Mrs. Clinton.

Mr. Nussbaum stated that there were only "three or four" work related documents on Mr. Foster's computer.

Inquiries were made regarding the phone logs kept at the office. Mr. Neuwirth stated that they had been assembled and that they will review them and contact us.

The interview concluded at approximately 1230 hours.

Interview: Lisa Foster

On 7/29/93 at approximately 1610 hours Lisa Foster, wife of Vincent W. Foster, was interviewed at the law offices of Swidler & Berlin, 3000 K Street, Northwest, Washington, D.C. The interview was conducted by Detective Peter W. Markland and Captain Charles Hume. Mrs. Foster was represented by Mr. James Hamilton. Also present, at Mrs. Foster's request, was Mr. Beryl Anthony and Mr. John Sloan.

Mr. Hamilton prefaced the interview by stating that there would be no waiver of the attorney-client privilege between himself and Lisa Foster. Prior to any disclosure of this report Mr. Hamilton requests that he be consulted. Lisa Foster then provided the following information:

-Lisa and the rest of the family were in Washington, D.C. in November 1992 and again around Easter 1993. They remained in Arkansas the remainder of the time because of school year considerations. Mr. Foster lived apart from his wife and family until June of this year when the family moved to Washington to join him.

-Pressures associated with his role at the White House were physically affecting Mr. Foster adversely. Specifically citing not being able to sleep well and telling his sister, Sheila Anthony, that he was not feeling well and was experiencing high blood pressure.

-The criticism of the President in the news media, the Travel Office investigation, the scrutiny by the press of the people from Arkansas, and even the stress of the family move to Washington in June all seemed to Lisa Foster to have a cumulative effect on Vincent Foster. He "took it all personally" and once stated to her "How did I get myself into this?"

-Vincent Foster historically dealt very well with stressful situations but was used to being in charge and in control of situations while in Arkansas, control that he lost when he took the position at the White House. He also lost the outlets for stress with the family life that he enjoyed while in Arkansas. Lisa and he talked about this and had begun an effort to rectify the situation by taking time out for themselves. They had just traveled to the eastern shore and, although it had not gone particularly well, discussed that things would take time and not change overnight.

-Vincent Foster had an extreme loyalty to the Clinton Administration and was trying to protect it. He felt he had personally failed and talked to Lisa about quitting, however, would not return to Arkansas (because of the personal humiliation he felt). Lisa Foster felt that something physical came over Vincent quickly.

-Mr. Foster's sister, Sheila Anthony, had recently provided him with the names of three psychiatrists in the event he should seek their care. It is not known whether or not he contacted any of these doctors. The Foster's family doctor, Larry Watkins, was contacted in Arkansas and he prescribed an anti-depressant, Trazodone 50 mg., for Mr. Foster. Lisa and Vincent discussed the prescription and Mr. Foster decided to start with the lowest possible dosage. Vincent Foster took one 50 mg. tablet of Trazodone on the evening of 7/19/93.

-The last time Lisa Foster saw her husband was on the morning of July 20th at approximately 08:30 A.M. when he left for work driving the Honda. She left the house shortly thereafter for an appointment and does not know whether or not he returned to the residence that afternoon. Her son may have been in the basement during the early afternoon but it would be possible for Vincent Foster to enter and exit the residence without the son realizing his presence. On that particular morning Vincent Foster's mood seemed better than it had been "in a while".

-The torn note produced by the White House counsel's office was viewed by Lisa Foster on 7/26/93 at the White House. She stated that it was, indeed, Mr. Foster's handwriting. She also stated that she had counseled him to write down his concerns and he probably did so in preparation for any upcoming investigation into his activities and decision making processes. It is Lisa Foster's opinion that the note was written 1-1½ weeks before his death. *** (Mrs. Foster and Mr. Hamilton have requested that the document be turned over to the custody of the family at the conclusion of this investigation.)

-Mrs. Foster stated that she was used to a number of guns being present at her home in Arkansas due to the different lifestyle there. She was presented with a photograph of the weapon found with Mr. Foster's body but was unable to identify it. She suggested that her sister-in law, Sharon Bowman, may be able to identify the weapon. Mrs. Bowman is an outdoors type person and would have a better knowledge of firearms owned

On Friday, July 30th, Detective David Rayfield and I responded to the Executive Office Building (EOB) Room 128 to meet with Clifford Sloan. The purpose of the meeting was to examine the telephone message log of Vincent Foster during the month of July and in particular to attempt to determine if he had gotten a call just prior to his departure on July 20, 1993. We learned that the phone logs were just a message log of calls he received when he was absent or unable to take the call. The administrative assistants would type time, person's name, phone number, and messages if one was left. The log was no assistance in determining if anyone had called him just prior to 1300 hours on July 20, 1993, if the call had been put through. There was one notation of interest on July 19, 1993. A Dr. Watkins had called at 1047 hours and left his phone number (501) 661-9740. There were no messages. Prior to 1300 hours on July 20, he had received several phone messages. Some of the messages were from his staff. There were two calls made from Arkansas from the same person and one call from Colorado. Attempts will be made to contact these people and see if either reached Vincent prior to 1300 hours.

Clifford Sloan requested if any information about the phone logs is contemplated being released, he would like to have the counsel's office notified at the White House prior to any release. I told him that I would put his request in my report. This caused him some concern because he didn't want special or unusual attention drawn to his request.

Dr. Larry Watkins

On August 2, 1993, I made telephone contact with Dr. Larry Watkins in Little Rock, Arkansas, (501-661-9740). He is an internist. I advised him that I had received information that he had called Vincent Foster on July 19, 1993, at 10:47 a.m.. He confirmed that he did in fact call. He was returning Foster's earlier call to him. Foster told him he was under a lot of stress, that he had a loss of appetite and was losing weight.

Dr. Watkins asked him if he was depressed and he said he was. He prescribed an antidepressant, Desyrel, generic name Trazodone. He called the prescription into a Washington, D.C. pharmacy at phone number 202-337-4100. The District of Columbia Yellow pages lists Morgan Pharmacy at 3001 P st. N.W. with that phone number.

Dr. Watkins said that was the first time he had prescribed medication to Foster for depression. He gave Foster a complete physical December 31, 1992 and at that time Foster was not taking any medication. Lisa Foster called him at approximately 10:20 p.m. central time on July 20th to discuss his death.

July 20, 1993 Phone Log

Brant Buck

The phone message log indicated Brant Buck called for Foster at 10:55 a.m. and left only his phone number 501-377-0310. The log indicated he called again at 11:11 a.m. and left the same phone number.

On August 2, I called Buck's office and spoke to his secretary, Linda Johnston. Buck was on vacation. She said Buck did get a return call from Foster on July 19th, but Buck had stepped away from his desk. Foster returned the call to Buck at 11:17 a.m. central time (12:17 a.m. eastern time). Linda had a brief conversation with Foster that was characterized as normal, nothing unusual. Brant Buck is a partner in the Rose Law Firm in Little Rock, Arkansas.

Jim Lyons

The phone message log indicated a call from Jim Lyons at 11:11 a.m. with only a phone number left, 303-623-9000. Lyons is from the Law firm Rothgerber, Appel, Tower and Johnson in Denver, Colorado. I contacted Lyons by telephone on August 2nd. He had known Foster since the late 1980's. He met him through Hillary Rodham Clinton and the Rose Law Firm. They had worked together on the Campaign. Lyons was going to be in Washington on Wednesday, July 21st. He had called and spoken with Foster Sunday July 18th between 8:00-9:00 p.m. eastern time and they had agreed to meet for dinner Wednesday.

Lyons had told Foster he would call him and let him know when he would leave Denver and arrive in Washington. This is the reason for the phone message on the morning of July 20, 1993.

Gordon Rather

The phone message log indicated that a Gordon Rather called Foster at 2:14 p.m. and left his phone number, 501-371-0808, and a message was noted by the administrative assistant "personal matter (secy did not know specifics)"

On August 5, I made telephone contact with Gordon Rather. He had known Foster for about 22 years, ever since Foster was a member of Rose Law Firm. He did not speak with Foster on 7/20/93. However, Foster's office called back and wanted to know if it was alright if Foster returned his call the next day.

The purpose of the call was to discuss items of interest to the American Board of Trial Advocacy (ABOTA), even though Foster was no longer a member. The items for discussion were selection of Federal Judges, Health Reform; and to let Foster know that the Arkansas Chapter of ABOTA had a meeting in July in Memphis and it went well.

On Thursday, July 29, a xeroxed copy of the Foster note along with the handwriting analysis report was given to Special Agent Scott Salter of the FBI ~~on the order of the Chief of Police, Robert Johnson~~. On Friday morning, July 30, the original copy of the note (all 27 ~~pages~~ ^{pages} ~~pages~~ ^{pages}) were ~~wa~~ signed over to S/A Scott Salter. There were four xerox copies of the note made by ID Technician Pete Sironello, U.S. Park Police. He numbered the copies 1-4. Copy 1 was put in the ^{Major Crimes} case jacket, copy 3 was given by me to S/A Salter, copies 2 & 4 were obtained from ID Tech Eugene Smith and locked in my file cabinet until they were returned to ID Tech Sironello on Sunday, August 1, 1993. I directed ID Tech Smith to photograph the letter before I gave it to the FBI. On Sunday I learned that ID Tech Sironello had already photographed the note. ~~There~~ There are two rolls of film containing photos of the note. All technicians were directed to make a written report (narrative) of all photos &

Synopsis/Conclusion

On 7/20/93 at approximately 1800 hours this Department was notified by an anonymous caller that a dead body was discovered by a citizen at Fort Marcy, Virginia. The caller was subsequently identified by USPP Investigators and it was determined that a W/M, approximately 50 years of age, driving a white Chevrolet work van, had discovered and reported the body to the previously unidentified caller. This person has not been identified.

The decedent was identified as Vincent W. Foster, Deputy Legal Counsel to President Clinton. Notification to Mr. Foster's wife was made and an autopsy performed on 7/21/93. The autopsy and resulting toxicology revealed no signs of pre-existing health problems, alcohol or drug usage by the decedent. The cause of death was a "perforating gunshot wound to the mouth - head".

Interviews conducted at the White House revealed that Mr. Foster had left his office on 7/20/93 at approximately 1310 hours. Mr. Foster, who was always instantly accessible in the past, did not answer an electronic page initiated by Mr. Bernard Nussbaum, Chief Counsel to the President, at 1830 hours. The White House issued pager had been recovered by investigators at the death scene. The pager had been turned off.

Further investigation and calls from citizens support a finding that Mr. Foster drove into Fort Marcy, at approximately 1445-1500 hours, by himself in the vehicle found at the scene.

The investigation has revealed that Mr. Foster was, within the past two weeks, experiencing a great deal of difficulty handling the stress associated with his office. He had considered seeking psychiatric help, and was provided with several doctors names by a family member. He had confided in his wife his difficulties and had recently tried to set aside family time to relieve some stress. The Foster family doctor was contacted in his home State of Arkansas. The doctor prescribed an anti-depressant drug and one tablet was consumed by Mr. Foster on the evening before his death. (**the 50 mg tablet of Trazodone is an extremely low dosage; and is not be considered to be a contributing factor).

The revolver recovered at the scene of Mr. Foster's death (from his hand) had probably been passed down to Mr. Foster after

his father's death. A family member stated that it "looked like a gun that (they) had seen in (his) father's collection". According to the executor of Mr. Foster's estate there would be no record of weapons by serial number to document the collection. There was no record of a firearms registration current or pending for the weapon in the District of Columbia by Mr. Foster on the date of his death. An ATF trace revealed that the weapon, which bore two serial numbers, was last documented in legal transactions in 1913.

A handwritten note that the White House Counsel's Office reported they found on 7/26/93 and was turned over to this Department on 7/27/93 documents the observations of a very disturbed and overworked individual who sees himself as having failed the Clinton Administration. The note was examined by Mr. Foster's wife who declared that it was her husband's handwriting. The questioned document was compared, by an expert, to documents known to be handwritten by Vincent Foster. The expert's findings concluded: "Both the Known and Questioned Documents were completed by the same writer/author and that writer/author is known as Vincent W. Foster."

The delays presented by White House Counsel's Office and the circumstances surrounding the production of the "note" are being investigated by the Federal Bureau of Investigation and are not a consideration in the instant "Death" investigation.

Based on the aforementioned synopsis of the facts and circumstances presented, the writer requests that the investigation be "Closed" and that the Manner of Death ruled as "Suicide".

Dear Captain Hume,

Last night I visited with Mrs Sharon Foster Bowman and asked her if she could identify the pistol in the photograph you had given me last week.

Mrs. Bowman said it looked like a gun she had seen in her father's collection. She particularly pointed out the "wavelike" denturing at the base of the grip. I asked if she remembered any other features. She did not.

I am returning the photograph along with this letter. I will provide copies of this letter to Mrs. Bowman and Jim Hamilton.

Attention: Forensic Branch

Dear Sir:

Reference: Death Investigation
Victim: Vincent Foster, Jr.

On July 20, 1993, the above named victim was found inside Fort Marcy Park with a single gunshot wound to the head. A Colt, Army Special, Revolver, .38 caliber was recovered from the victim's right hand. The palm and fingers of the right hand were laying over the cylinder area of the weapon and the victim's right thumb was trapped between the trigger guard and front edge of the trigger. The trigger contacted and impressed the thumb in the area between the first and second joints.

The following evidence is being submitted for your examinations:

- Item # 1 - Colt, Army Special, .38 caliber, 4", six shot revolver.
Serial # 356555 (355055)
- Item # 2 - 1 round .38 caliber R-P 38 spl.HV (from cylinder of
item #1 at 2 o'clock position)
- Item # 3 - 1 casing .38 caliber R-P 38 spl.HV (from cylinder of
item #1 at 12 o'clock position)
- Item #16 - White long sleeve shirt (from victim)
- Item #18 - Blue grey trousers (from victim)

F 001158

Could it be determined if the residue on the victim's right hand (see photograph enclosed) could have been the result of discharging Item #1 in a manner consistent with other available evidence?

Could it be determined if Item #3 and Item #2 are similar in manufacture?

Could it be determined if the primer on Item #3 was struck by the firing pin of Item #1?

Could Items #16 and #18, be examined for gun powder residue and if found could any information concerning position of weapon at time of discharge be determined?

Please conduct any additional tests and examinations which you deem appropriate in connection with this case.

These items have not and will not be examined by any other expert. Please make the results of your examinations available to Major Benjamin J. Holmes, Jr., Commander, Criminal Investigations Branch.

Washington, DC 20242

Date of Report: August 17, 1993

Lab Number: 93N0649 (1)

Reference: 63541932032A

Type of Exam: Firearms/Toolmarks

The following evidence was received on August 16, 1993, from Officer Peter J. Simonello (hand carried).

EXHIBITS

- 1 - One (1) Colt .38 special caliber, model Army Special revolver, serial number 355055.
- 2 - One (1) cartridge.
- 3 - One (1) cartridge case.
- 16 - One (1) white long sleeve shirt.
- 19 - One (1) blue grey trousers
- 20 - Thirteen (13) photographs.

RESULTS OF EXAMINATION

Exhibit 1 was examined, found to function and test fired twice for comparative purposes.
 Exhibit 3 (cartridge case) was identified as having been fired in the Exhibit 1 revolver.
 Gunshot residue patterns were reproduced in the laboratory which were consistent with the pattern in the Exhibit 20 photographs. These patterns were produced from the cylinder gap.
 Exhibit 2 (cartridge) and Exhibit 3 (cartridge case) are .38 special high velocity caliber which were produced by Remington Peters Company.

93N0649 (1)

Examination and chemical processing of Exhibit 16 for the presence of gunpowder gunshot residue determined a positive reaction consistent with the discharge of a revolver in close proximity to the upper front of the shirt.

Examination and chemical processing of Exhibit 19 for the presence of gunpowder gunshot residue determined no reaction present.

DISPOSITION OF EVIDENCE

The submitted evidence will be retained in the laboratory until called for by a representative from your office.

GROSS DESCRIPTION

PLEURA, PERITONEUM
& PERICARDIUM:

Intact, smooth and glistening.

HEART:

350 gm. No valvular or congenital abnormalities. Epi and endocardium, thin and transparent. Coronary arteries, normal origin and distribution; right coronary artery predominant; no significant alteration all segments. Right ventricle 3 mm.; left 13 mm. The myocardium is intact and grossly free of any signs of fibrosis, inflammation or infarction. Aorta, minimal arteriosclerosis.

LUNGS:

Right 870 gm.; left 840 gm. Larynx, trachea and bronchi, intact and free of trauma, obstruction or inflammation. Both lungs are intact and on section there is extensive congestion as well as aspiration of blood. No evidence of inflammation or pulmonary artery emboli. Hemidiaphragms intact.

LIVER:

1640 gm. Capsule is intact and smooth and the free edges are sharp. On section there is no evidence of trauma, fibrosis or nodularity.

GALLBLADDER:

No significant alteration.

SPLEEN:

130 gm. Capsule intact.

PANCREAS, ADRENAL
& THYROID GLANDS:

No significant alteration.

G.I. TRACT:

Stomach contains a considerable amount of digested food material whose components cannot be identified. No evidence of hemorrhage or inflammation.

KIDNEYS:

140 gm. each. The capsules strip with ease to reveal an intact pale smooth surface. No trauma or inflammation.

URINARY BLADDER:

Wall intact; urine clear.

GENITALIA:

No significant alteration.

BRAIN:

1420 gm. Perforating gunshot wound mouth-head; entrance wound is in the posterior oropharynx at a point approximately 7½" from the top of the head; there is also a defect in the tissues of the soft palate and some of these fragments contain probable powder debris. The wound track in the head continues backward and upward with an entrance wound just left of the foramen magnum with tissue damage to the brain stem and left cerebral hemisphere with an irregular exit scalp and skull defect near the midline in the occipital region. No metallic fragments recovered.

MICROSCOPICS:

Section of lung reveals alveolar filling by red blood cells; in the liver 3 to 4% of liver cells contain fat vacuoles. Sections of soft palate positive for powder debris.

RESULTS OF INVESTIGATION On 8-1-93, at 1400, hrs. I was advised by Capt. C. Hume and Det. Mark that the torn note written by Vincent Foster, (item #35), had been turned over to an agent of the F.B.I. The note was to have been processed for latent prints by the undersigned on the date. I also discovered a note in the MCL jacket (166-93) which indicated that the remaining 2 copies of the original note (item 35) which had been initialed, dated, and numbered 2 and had been turned over to Capt. Hume. (Capt. Hume had received copy #3 on 7-28-93, and Det. Markla had received copy #1 on 7-29-93.)

On this date 8-1-93, I received from Capt. Hume 2 photocopies of item 35. They were number 2 and 4 and had written on them "copy from ID file CWH 7-30-93".

RESULTS OF INVESTIGATION

On Sunday July 25, 1993, I was advised by Tech. S. Hill that item #1 had been processed for latent prints by Tech E.J. Smith and that the results were negative. The paper which I had placed around the barrel to preserve trace evidence had been removed and placed in a separate bag. Item #1 will be secured in the evidence locker to await any other testing deemed necessary.

On Monday July 26, 93, I packaged the victim's clothing which had been air drying in the evidence area and placed them in the evidence locker for safekeeping. I was also informed by Tech. L. Romans that the roll of 35mm color film which I had taken at the scene developed to light to make prints.

On Wed. July 28, 1993, I received from Capt. C. Hume a white envelope with the words "THE WHITE HOUSE" WASHINGTON. The envelope had a small piece of transparent tape sealing the back flap, and the envelope contained (27) TWENTY SEVEN pieces of ruled yellow paper (legal pad type). The paper appeared to have been torn, and some pieces contained handwriting in black ink. I then reconstructed pieces which all fit together to form a handwritten statement approx. 8 1/4" by 11 1/4". The reconstructed page was missing one piece, a triangular section approx. 1 1/2" x 1 3/8" x 1 3/8". The undersigned made four (4) photostatic copies of the reconstructed statement, numbered and initialed each. Captain Hume requested a copy and was given copy #3.

On Thursday July 29, 1993 I received a handwriting sample in the form of a letter, which was signed Vincent W. Foster, from Capt. Hume. Sgt. L. Lockhart, a handwriting expert, with the J.S. Capital Police, arrived at this office to conduct his examinations. I HANDED both the reconstructed statement and the known sample over to Sgt. Lockhart who examined them in my presence. At the conclusion of his examinations he returned the documents to me. The documents were then placed in the evidence locker to await further processing.

Questioned Document:

1. Handwritten "note" with writing appearing on a yellow, lined paper which had been mutilated by tearing into several pieces. The note had been re-constructed by investigators of the United States Park Police. The note was written with a black in color ink.

Known Documents:

1. Vincent W. Foster
 - a. A photostatic copy of a letter bearing the signature of the person that is the subject of the investigation. The signature is completed as "Vincent W. Foster".
 - b. The photostatic copy represents a letter that was completed on a standard sheet of stationery without lines.

EXAMINER'S CONCLUSIONS

The conclusion as related to the Questioned and Known writings are:

1. The Known Document is a photostatic copy of a handwritten letter that is of excellent quality. The copied writing appears without reproduction flaws that would cause this examiner to question the characteristics as they relate to the author. The author's signature appears on the bottom of the document and is represented as "Vincent W. Foster"
2. Even though the Questioned Document has been re-constructed, the writing contains sufficient characteristics of the author to allow identification.
3. Both the Known and Questioned Documents were completed by the same writer/author and that writer/author is known as Vincent W. Foster.

The characteristics used to reach the final conclusion of the examiner were not marked on either the known or questioned document. After the examination, which was conducted at the Identification Division Office of the United States Park Police, the documents were released to Officer P. J. Simonello.
