

Publication Number: M-1811

Publication Title: First Territorial Census for Oklahoma, 1890

Date Published: 1994

FIRST TERRITORIAL CENSUS FOR OKLAHOMA, 1890

Introduction

On the single roll of this microfilm publication, M1811, is reproduced the first territorial census of Oklahoma.

These schedules were on one negative roll of microfilm given to the National Archives many years ago, where it was placed in the Microfilm Reading Room and assigned the number GR24. In 1994 GR24 was assigned a new number, M1811, in order to issue it as an official National Archives Microfilm Publication.

The territorial census was taken on and after June 1, 1890. The census schedules include the following information for each person enumerated:

- Name of street or avenue
- Dwelling number in order of visitation
- Surname, Christian name, and middle name
- Relationship to the head of the family
- Color
- Sex
- Age at nearest birthday (in years or in months if under a year)
- Place of birth (State or country)
- Number of years in the United States
- Length of residence in the Territory
- Whether naturalized
- For soldiers, the company and regiment
- Whether able to read
- Whether able to write

The name of the county and city or township (often given in terms of township number and range number) is given at the top of each schedule. However, the county name is often left blank or indicated as "none."
