Honorable Thomas N. Downing, Chairman Select Committee on Assassinations House of Representatives Washington, D. C. 20515

Dear Mr. Chairman:

Mr. Lyle Miller, of my staff, has relayed to me the interest of your Chief Counsel, Mr. Richard Sprague, that records related to the investigation of the deaths of John F. Kennedy and Martin Luther King, Jr. not be destroyed once the "moratorium" on the destruction of Agency records is lifted. Let me assure you that there is no cause for concern.

The "moratorium" was imposed on the destruction of CIA records in 1975 during the investigation by the Senate Select Committee to Study Governmental Operations with Respect to Intelligence Activities and will expire on 10 December 1976. At that time regular document destruction will begin in accordance with records control schedules approved by the Archivist of the United States and subject to review by the Senate Select Committee on Intelligence. The Agency's policy in regard to the lifting of the destruction "moratorium" and the application of records control schedules to the orderly disposition of Agency records was published in the Federal Register, a copy of which is enclosed.

It is CIA's policy to fully support investigative bodies of the Executive, Legislative, or Judicial Branch, and we will continue to do so. Once the "moratorium" is lifted, we will destroy no materials which would appear to relate to your investigations or be of interest to your Committee. Further, we will make available for your review the lists for disposition of records prepared for the Archivist at the same time these lists are submitted by the Senate Select Committee on Intelligence.

Material designated for destruction in the lists will not be destroyed until your Committee notifies the Agency that it has completed its review. To date, 13 lists have been furnished to the Senate Select Committee and they will be made available for your review immediately.

I assure you that no documents which we are aware of as being related to your investigation will be destroyed.

Sincerely,

fol George Bush George Bush

CENTRAL INTELLIGENCE

CONTROL OF RECORDS DESTRUCTION Frocedures and Policy

On September 7, 1976 a notice was issued to all CIA personnel setting out policy and procedures for the control of records destruction. The purpose of this Notice is to insure that destruction of unnecessary or improperly maintained records is carried out in the manner prescribed by statute and by clearance of the Senate Select Committee on Intelligence.

Records subject to the moratorium on destruction will not be destroyed prior to December 10, 1976.

The text of the Notice is as follows:

RECORDS CONTROL SCHEDULES AND THE DESTRUCTION MORATORIUM

(1) CIA has statutory obligations (44 U.S.C. 33) to obtain approval of the Administrator of General Services for the retention and destruction of records. The mechanism for obtaining this approvat is the submission of records control schedules to the National Archives and. Records Service (NARS) for approvalby the Archivist of the United States. GSA Bulletin FPMR B-62, dated 22 January 1976, requires Federal agencies to submit to NARS updated records control schedules by 31 December 1976. In a memorandum dated 20 April 1976, the DCI directed that Agency records control schedules be updated by 30 September 1976 and processed through the Directorate of Administration for approval by NARS prior to the destruction of records.

(2) Senate Resolution 21, dated 21 January 1975, established the Senate: Select Committee to Study Governmental Operations With Respect to Intelligence Activities. The Senate leadership requested in a letter dated 27 January 1975 that the Agency not dispose of any records or documents bearing on the subjects under investigation by the Select Committee. In a memorandum dated 28 January 1975, Mr. Colby directed that any records or documents that may have a bearing on Senate Resolution 21 nct be destroyed. This was extended to include practically all Agency documents. This hold on destruction has since been referred to as "the moratorium." In a letter to the Senate leadership dated 22 June 1976, the DCI extended the moratorium on destruction of records until 10 December 1976.

(3) CIA policy on destruction of rec-

(a) All records, including these falling, under General Records Schedules, will be covered by records control schedules approved by NARS (with a copy provided to the Senate Select Committee on Intelligence) prior to their destruction.

(b) -Routine - administrative - records not involved under Senate Resolution 21 that are scheduled for immediate destruction will be destroyed upon receipt of NARS approval and after appropriate clearance from the Senate Select Committee.

(c) Records involved under Senate Resolution 21 that are scheduled for immediate destruction will be destroyed after NARS approval, and appropriate clearance from the Senate Select Committee but in no case prior to 10 December 1976.

(d) Any Agency documents and materials that are identified by the General Counsel as the subject of litigation or of possible litigation, or as of interest in matters under investigation by the Justice Department, will not be destroyed without the prior approval of the General Counsel. This includes documents and materials relating to Freedom of Information Act and Privacy Act requests to the Agency.

(e) Extra copies of documents preserved only for convenience of reference or for distribution stocks of publications may be destroyed when no longer needed.

John F. Blake, Deputy Director for Administration.
