**CIA HISTORICAL REVIEW PROGRAM
RELEASE IN FULL**

Just a few months ago, in March, there was a meeting at

CIA Mx headquarters in Langley, Va., the plush home of America's
super spooks ^{overlooking} ~~that overlooks~~ the Potomac River. It was attended

by several high-level clandestine officers and some former top
officials of the agency. [The topic of discussion was: What to

do about recent ~~new~~ revelations associating President Kennedy's

accused assassin, Lee Harvey Oswald, ^{with} ~~to be~~ the spy game played

(SPOTLIGHT, May 8, 1978.) made,
between the US and the USSR? A decision was ~~made~~ and a course

determined. They were calculated to both fascinate and
of action, ~~determined by the CIA to fascinate and confuse the public~~

and confuse the ~~public~~ ^{clever} public by staging a "limited hangout"

when the House Special Committee on Assassinations ^(HSCA) ~~held~~ its open
hearings, beginning later this month. *(A)*

A "limited hangout" is spy jargon for a favorite and fre-
quently used ~~gimmick~~ gimmick of the clandestine professionals. When
their veil of secrecy is shredded and they can no longer rely on

a phony cover story to misinform the public, they resort to ~~mix~~
~~with~~ admitting ~~to~~ -- sometimes even volunteering -- some of the
truth while still ~~withholding~~ managing to withhold the key and
damaging facts in the case. The public, however, is usually so

We will probably never find out who masterminded the

assassination of ~~President~~ JFK -- or why. There are too many powerful ~~and~~ special interests connected with the conspiracy for the truth to come out even now, ¹⁵ fifteen years after the murder.

But during the next two months, according to sensitive sources in the CIA and on HSCA, we are going to learn much more about the crime. The new disclosures will be sensational, but only superficially so. A few of the lesser villains involved in the conspiracy and its subsequent coverup will be identified for the first time -- and allowed to twist slowly in the wind on live network TV. Most of the others ~~are~~ to be fingered are already dead. **A NEW COVERUP** But once again the good folks of middle America

will be hoodwinked by the government and its allies in the ~~ext~~ establishment news media. In fact, we are being set up to witness yet another coverup, albeit a sophisticated one designed by the CIA with the assistance of the FBI and the blessing of the Carter administration.

A classic example of a limited hangout is how the CIA handled ~~the~~ -- and manipulated -- the Church ~~Committee's~~ investigation ~~Committee's investigation~~ of two years ago. The committee ~~learned~~ learned ~~nothing~~ nothing more about the assassinations of foreign leaders, illicit drug ~~programs~~ programs, or the penetration of the news media than the CIA allowed ~~it~~ it to discover. And this is precisely what the CIA is out to accomplish through HSCA ^{with regard to} ~~regarding the~~ JFK's murder.

THEY'LL HANG HUNT ~~and~~
Chief among those to be exposed by the new investigation will be E. Howard Hunt, of Watergate fame. His luck has run out, and the CIA has decided to sacrifice him to protect ^{its} ~~the~~ clandestine services. The agency is furious with Hunt for having ^{publicly} dragged it into the Nixon mess and for having blackmailed it after he was arrested. Besides, Hunt is vulnerable -- an easy target, as they say in the spy business. His reputation and

said that he had been on ~~leave~~ ^{(leave and} doing household ~~errands~~ errands, including a shopping trip to a grocery store in Chinatown.

Webberman and Canfield investigated the new alibi and found that the grocery store where Hunt claimed to be shopping never existed. At this point, Hunt offered to drop his suit for a token payment of one dollar. But the authors were determined to vindicate themselves, and they continued to attack Hunt's alibi, ultimately completely shattering it.

Now, the CIA moved to finger Hunt and tie him to the JFK assassination. HSCA unexpectedly received an internal ^{CIA} memorandum a few weeks ~~ago~~ ago that the agency just happened to stumble across in its old files. It was dated 1966 and said in essence: Some day we will have to explain Hunt's presence in Dallas on November 22, 1963 -- the day President Kennedy was killed. ~~Howard~~ Hunt is going to be hard put to explain ~~that~~ this memo, and other things, before the TV cameras at the HSCA hearings.

Hunt's reputation as a strident, fanatical anti-communist ~~is legendary and it~~ will count against him. So will his long and close relationship with the anti-Castro Cubans, as well as his

penchant for clandestine dirty tricks and his various capers while one of Nixon's plumbers. E. Howard Hunt will be implicated in the conspiracy, and he will not dare to speak out -- the CIA will see to that.

ANOTHER AGENT TO DANGLE

In ~~addition~~ addition to Hunt and Sturgis, another former CIA agent marked for exposure is Gerry Patrick Hemming, a hulk of a man -- six feet eight inches tall and weighing 260 pounds. Like Sturgis, Hemming once worked ~~as~~ for Castro as a CIA double agent, then later surfaced with the anti-Castro Cubans in various attempts to rid Cuba of the communist dictator. But there are two things in Hemming's past that the CIA, manipulating HSCA, will be able to use to tie him to the JFK assassination.

First, Castro's former mistress, Marita Lorenz (now an anti-Castroite herself), has identified Hemming, along with Oswald and others as being part of the secret squad ^{assigned} to kill President Kennedy. And secondly, Hemming was Oswald's marine ~~subaltern~~ sergeant when he was stationed at the CIA's U-2 base in Atsugi, Japan -- ~~and when~~ ^{where} Oswald supposedly was recruited ~~by~~ as a spy by the Soviets, or ~~where~~ was being trained to be a double agent by the CIA. In any event,

Hemming's Cuban career and his connection with Oswald make the Lorenz story difficult ^{for him} to deny, particularly since the squad allegedly also included Hunt and Sturgis.

Who else will ^{be} identified as having been part of the conspiracy and/or coverup remains to be seen. But ~~whether they~~ ^{already} ~~are beginning to~~ a disturbing pattern is beginning to emerge.

All the villains have been previously disgraced in one way or another. They all have ^{been closely allied} ~~connections~~ with the anti-Castro Cubans, and they all have "right wing" ~~reputation~~ reputations. Or they will have after the hearings. The fact that

some may have had connections with organized crime ~~may be~~ will prove to be only incidental in the long run. Those with provable ties to the CIA or FBI will be presented as renegades who acted on their own ^{without} ~~with~~ the approval or knowledge of their superiors. **BLAME PAST PRESIDENTS** As for covering up the deed, that will be blamed on

past presidents, either dead or disgraced. Thus, Carter will emerge as a truth-seeker, and the CIA and FBI will have ~~definitely~~ neatly covered their institutional behinds.

The timing of the ~~xxx~~ hearings is another clue of what to

expect and why. The committee has scheduled ~~as~~ ^{7/5} open sessions on network TV to begin ~~at~~ after congress adjourns for the election campaigns. The first order of business will be the Martin Luther King ^{JR.} hearings -- with James Earl Ray and his family as the star witnesses. Then there will be a short break and the JFK hearings will begin. The committee ~~is~~ plans to conclude its work by early October, just a month before the ~~elections~~ ~~elections~~ ~~elections~~ elections, perfect timing ~~for~~ to cash in on the publicity the hearings are certain to create. And perfect timing for the Carterites to get the American public to forget about inflation, taxes, foreign affairs, and other White House ~~blunders~~ blunders and elect a -- ~~congress~~ [^] congress more indebted and responsive to the ~~new~~ presidency.
