Enclosed for Atlanta and Savannah is one copy each of a list of motor vehicles and license plates stolen in the State of Georgia. A comparable list regarding motor vehicles and license plates stolen in Alabama is enclosed for Birmingham and Mobile. The lists were compiled from information retained in NCIC.

Each office should conduct necessary investigation in their respective divisions in an effort to determine whether the subject may have been involved in any of those thefts.

In view of the possibility he may have stolen a motor vehicle and concealed it prior to his return to Atlanta on 4-5-68, the list predates that period. Investigation should also be conducted regarding those vehicles which have been recovered in the event the subject utilized one of those and subsequently abandoned it.
