Mr. HARRY SERO, 295 North McNeil, Memphis, Tennessee, advised that he is former inmate No. 01903J at the Missouri State Penitentiary (MSP), Jefferson City, Missouri.

SERO said he first came to Memphis, Tennessee, on about January 13, 1962, at which time he was wanted in Missouri for having violated his parole from the MSP. Upon his arrival in Memphis he went to work as a house remodeler, later working in a Gulf service station at the corner of Jefferson and Lauderdale Streets. SERO took over management of this station in about April 1962 and operated it until November 21, 1962, at which time he left Memphis after having gotten into trouble with the local police for having written some bad checks. SERO said he first went from Memphis to Pennsylvania to visit relatives and continued to run until he finally settled in Tulsa, Oklahoma, and went to work in a Texaco service station.

On February 14, 1964, SERO was arrested in Tulsa, Oklahoma, and was returned to the MSP where he was put in "B" block. He remained there from sometime in February 1964 until about June 12, 1964, at which time SERO was turned over on rendition to the State of Tennessee.

During the approximately four months that SERO was in the MSP he became friendly with JAMES EARL RAY. SERO also was acquainted with another inmate, one RAYMOND CURTIS, who has recently talked to newspaper reporters concerning his association with RAY. SERO said he can recall making the statement in the presence of RAY and CURTIS and other inmates that while he, SERO, had been in Memphis some unknown individual had speculated that if MARTIN LUTHER KING had ever attempted an economic boycott in the city of Memphis, it would be worth a large amount of money to Memphis businessmen to have KING killed. SERO said this conversation had actually taken place in his presence in Memphis but it had been mere speculation and had had no basis in fact. He said he later related this conversation to his prisonmates merely to make conversation and had not intended to imply that any person

or group of persons had or were even contemplating placing a bounty on MARTIN LUTHER KING.

SERO stated that after being returned to Tennessee he was sentenced to three years for uttering forged checks and was incarcerated in the Tennessee State Penitentiary at Ft. Pillow. He said he believes he also related this same speculative conversation to inmates at the Ft. Pillow Prison.

SERO described JAMES EARL RAY as a "hayseed" and a "born loser." He said that to his knowledge RAY had never successfully gotten away with any criminal offense, and it was his belief that RAY had been detected and apprehended following each of his criminal offenses. He said it was his recollection that RAY had a great dislike for Negroes but he cannot recall that he particularly disliked MARTIN LUTHER KING. He said he would not describe RAY as a loner but would simply say he would not know how to make friends or how to mix with other persons. He said that RAY was a regular user of amphetamines in prison but he did not know him to use other narcotics, and he recalled that RAY had mentioned taking narcotic pills prior to being incarcerated.

SERO said that RAY has a deep need for recognition and that he idolizes notorious criminals who are the subjects of wide-spread publicity. He said that when he considers RAY's need for recognition and then considers his dislike for Negroes, it is believable that RAY might have killed MARTIN LUTHER KING for no monetary gain.

He said that RAY had no important criminal connections to his knowledge as criminals of this type would not bother to associate with RAY. He said RAY never talked about his family but did indicate on one occasion that he had friends in Kansas City, Missouri. SERO said he has not heard from RAY since he left MSP, and he has no idea where he might be at present.

INTERVIEWS WITH PERSONS WHO RENTED ROOMS
AT ECONOMY ROOMING HOUSE, BIRMINGHAM, ALABAMA

The following investigation was conducted by
SA RAYMOND J. MAXWELL on April 12, 1968:

O. L. BLACK, Route 5, Box 227, Andalusia, Alabama, telephone number 222-1508, telephonically advised that he had not been in Birmingham, Alabama, and did not stay at the Economy Rooming House on Highland Avenue; however, it was his wife, Mrs. O. L. BLACK, and his daughter, Mrs. JAMES E. WELDON, who stayed at the rooming house.

BLACK advised that the name of ERIC STARVO GALT means nothing to him, and that to his knowledge, he has never heard of ERIC STARVO GALT, nor has he ever heard of HARVEY LOWMEYER.

Mrs. O. L. BLACK, telephonically advised that during the fall of 1967 she and her daughter, Mrs. JAMES E. WELDON, Route 4, Box 73, Opelika, Alabama, took [REDACTED] baby to Birmingham, Alabama, for medical treatment. While they were in Birmingham, they stayed at the Economy Rooming House on Highland Avenue. She recalls staying in Rooms 18 and 29 during the period of September 17 through September 24, 1967. Mrs. BLACK advised that when she was not at the hospital where [REDACTED] was being treated, she would be resting in her room at the Economy Rooming House and she did not mingle with or associate with other people staying at the rooming house. On occasions, she would talk briefly with other women at the rooming house, but she never engaged in any conversation with any men.

Mrs. BLACK advised that the name of GALT and the name of LOWMEYER are not familiar to her, and she definitely does not remember anyone at the rooming house by the name of GALT or LOWMEYER. She stated that if she saw a picture of GALT, she might be able to state whether she had ever seen this individual at the rooming house, but from a description she could not state whether she saw anyone answering GALT's description at the rooming house.

Mrs. BLACK stated that she would cooperate in any way that she could with the FBI, and if the FBI had any pictures

that they wanted her to look at, she would be glad to look at these pictures in an effort to determine if anyone was at the Economy Rooming House during the period of time when she stayed at the rooming house in September, 1967.

The following investigation was conducted by SA HOWARD R. LINSKOTT on April 13, 1968 at Andalusia, Alabama:

Mrs. O. L. BLACK, Route 5, Box 227, Andalusia, Alabama, was shown the sketch of the suspect ERIC STARVO GALT. Mrs. BLACK advised that she had never seen anyone at the rooming house in Birmingham who resembled the photograph. Mrs. BLACK advised that she resided at the rooming house during the period September 17-24, 1967, at which time she was in Birmingham to see about [REDACTED] who was in the hospital there. Mrs. BLACK advised that the only time she saw any men around the rooming house was in the mornings at breakfast time; however, she stated she had never seen anyone at breakfast who resembled the photograph.

The following investigation was conducted at Opelika, Alabama, by SA ROY H. EVELAND:

On April 12, 1968, JAMES E. WELDON, 23 Dorsey Street, mail address, Route 4, Box 73, Opelika, Alabama, an employee of Ampex Corporation, advised that his wife, SHELLEY WELDON, and his mother-in-law, Mrs. OVIS LEE BLACK, Route 5, Box 227, Andalusia, Alabama, had stayed at the Economy Rooming House, Birmingham, Alabama, for several days during part of 1967. His [REDACTED] was having an operation and his wife would stay at the hospital with [REDACTED] during the nights and sleep at the rooming house during the days. The mother-in-law would stay with the [REDACTED] at the hospital during the days and would sleep at the rooming house at night. He and his wife have been taking [REDACTED] to the Crippled Children's Hospital in Birmingham for five years for corrective operations. He and his wife generally stay at the Economy Rooming House when in Birmingham. He said that if he had been at the Economy Rooming House during September, 1967, it would have been only for an overnight visit. He does not remember anyone at his rooming house by the name of GALT or a similar name and could not place anyone fitting the description as given for suspect ERIC STARVO GALT.

Mrs. JAMES E. (SHELLEY) WELDON, Route 4, Box 73, Opelika, advised on April 12, 1968 that she recalls staying at the Economy Rooming House in Birmingham, Alabama, September 17-24, 1968. She and her mother, OVIS LEE BLACK, of Andalusia, Alabama, were there with [REDACTED] who was a patient at the Crippled Children's Hospital in Birmingham. She said she did not recall anyone by the name ERIC STARVO GALT or any similar name at this rooming house and she does not recall anyone there fitting the description as given for suspect GALT.

AT AUBURN, ALABAMA:

On April 12, 1968 it was ascertained that THOMAS D. FRANKLIN was residing at the Phi Theta Tau, 317 S. College Street, Auburn, Alabama, while attending Auburn University. It was ascertained that on that date he was away from Auburn believed to be attending the Masters Golf Tournament in Augusta, Georgia.

On April 15, 1968, FRANKLIN was contacted on his return to Auburn and advised he had stayed at the Economy Rooming House, 2608 Highland Avenue, Birmingham, for about two weeks during the last part of August and early September, 1967. He advised he was working at the Avondale Mills in North Birmingham under the Co-op Program of Auburn University.

FRANKLIN said that he had seen articles in the newspaper recently, including a sketch of suspect in the killing of MARTIN LUTHER KING at Memphis, Tennessee. He said that he did not know anyone by the name of ERIC STARVO GALT, and he does not recall anyone at the Economy Rooming House who looked like the sketch of the suspect which he had seen in the newspaper. He also said he does not recall seeing anyone around the rooming house driving a white Mustang automobile.

FEDERAL BUREAU OF INVESTIGATION

1Date 4/30/68

Lieutenant A. S. ZELINSKI, Inspectional Bureau, Memphis Police Department, Memphis, Tennessee, advised that he and Lieutenant J. L. HARRISON met Memphis City Engineer ARTHUR C. HOLBROOK, P. E., Tennessee License No. [REDACTED], and a surveying crew at the Lorraine Motel on April 23, 1968, at 8:30 a.m. Certain engineering measurements were subsequently taken.

Lieutenant ZELINSKI advised that an engineer's transit was placed over the spot where Dr. MARTIN LUTHER KING, JR., was shot, the telescope being positioned 59 inches above the balcony floor. This height was based on information contained in the autopsy report of Dr. MARTIN LUTHER KING, JR., which indicated that the missile entered his body at a point 59 inches above the right heel with the head positioned to correspond with the path of the missile. He stated that the point where Dr. KING was standing when shot was indicated to them by Reverend JAMES BEVEL, a representative of the Southern Christian Leadership Conference, who was staying at the Lorraine Motel.

From this position, two triangles were established with a baseline common to the two triangles established and measured. Every effort was made to ensure accuracy. It was determined that the level distance from the second floor rear bathroom window sill of 422½ South Main Street to the point where Dr. KING was standing on the balcony of the Lorraine Motel was 206.36 feet and the in-line distance from the window sill to the point where Dr. KING was standing was 207.02 feet. The window sill at the rear of 422½ South Main was determined to be 16.63 feet higher than a point 59 inches above the floor of the balcony of the Lorraine Motel at the location Dr. KING was standing when he was shot. The downward angle of the direct in-line distance from the second floor window sill at the rear of 422½ South Main to a point 59 inches above the balcony of the Lorraine Motel at the point where Dr. KING was standing was determined to be 4 degrees 36 minutes 25 seconds.

On 4/25/68, Mrs. ROBERT BOSHERS, (phonetic BOSSIER), in re teletype, 401 Wine St., DeSoto, Mo., advised her husband ROBERT has deserted her and his whereabouts are unknown. She related that BOSHERS is an alcoholic and has done this in the past. She stated she believes that BOSHERS had stolen some checks from JACK W. ANDERSON and cashed these checks before leaving the DeSoto, Mo., area.

Mrs. BOSHERS stated that she does not believe her husband has any knowledge of JAMES EARL RAY, that if he did she believes he would make some comment in view of the widespread publicity.

She stated he has served time in El Reno Federal Penitentiary, and the Missouri State Penitentiary, but she does not know of any sentence in the State of Michigan, and she does not believe he is wanted in that state.

Chief of Police LLOYD DAVIS, DeSoto, Mo., advised that ROBERT BOSHERS had taken two or three checks from the checkbook of JOHN W. ANDERSON, 515 N. Seventh St., who he was employed by, and two checks have been cashed for over \$100.00 each. He advised he has no warrant at this time for BOSHERS. He advised BOSHERS is a big boozier and to his knowledge has not mentioned anything about being associated with JAMES EARL RAY.

For the information of Jackson it appears your source ROBERT ANDERSON, Kreole, Mississippi, is relative of JOHN WESLEY ANDERSON, DeSoto, Mo., and became aware of BOSHER's theft of checks and wanted BOSHER located so local warrants could be issued for BOSHER.

For the information of Detroit, ascertain through State Penitentiary system and other sources if ROBERT BOSHERS (given as BOSSIER) in re teletype has record in State of Michigan or wanted on him in Michigan.

Kansas City and Oklahoma City Divisions, will review records for ROBERT BOSHERS at Jefferson City, Mo., and El Reno Penitentiary respectively as requested of Detroit Division.

October 1, 1964

Subject: Stabbing of colored man - June 8, 1964 - Missouri State Prison

To : Commanding Officer, Troop F
Missouri State Highway Patrol
Jefferson City, Missouri

1. On the morning of October 1, 1964, the undersigned officer interviewed Ernest Franklin, #07447, an inmate at the Medium Security Prison at Moberly. Franklin is a Negro inmate, age 44, from St. Louis, Missouri, and is one of the subjects who was stabbed in the tunnel at the State Prison in Jefferson City, Missouri, on the evening of June 8, 1964. The subject is presently serving a fifteen year sentence for assault with intent to kill from St. Louis City and was admitted to the prison in September of 1963. Franklin has a fifth grade education and is able to read and write.

2. Franklin gave the following account of happenings at the prison on June 8, 1964:

"On the night of the stabbing, I was walking up the tunnel with Simmons and we had just passed the chaplain's door but had not reached the corner. All of a sudden, several white fellows came around the corner facing us. They all had knives in their hands. They were wearing hoods over their heads and faces. The hoods had holes cut in them for eyes. They started yelling and one fellow stabbed Simmons right in the heart. Simmons fell back against me and then wheeled and went running back toward A Hall. Then four of them had me. One of them stabbed me in the left chest and the knife just missed my heart. The second knife hit me in the lower part of my back on the left side and the blade came on through and out of my right groin. I looked down and saw 3 or 4 inches of the blade sticking out. When the first fellow hit me with the knife in the chest, I started fighting and holding to the knife and that is when I was hit in the back. Then I got stuck twice more in the back. I never did fall to the floor. About that time, these hooded fellows said, 'Let's get out of here.' I did not see Mitchell or Parks get out. I don't know none of the people what cut us. While I was holding the one fellow's knife, I heard one of them say 'Not him, not him.' They was talking about Banks. He is in the clique. I think he knew what was going to happen and knows who the white fellows are. I saw Banks talking to two white fellows down at the recreation yard that evening and it looked like one of them had a knife in his pocket."

2. Franklin stated that he would testify in court, however he still feared for his life, even though he had been transferred to Moberly. Franklin viewed

1. On the afternoon of September 24, 1964, the undersigned officer interviewed David Joseph McCutcheon #01989-3, an inmate of the Missouri State Prison. McCutcheon is a white male subject, age 46, from Wausau, Wisconsin. He is presently serving a twenty-five year sentence for armed robbery from Jackson County, Missouri, and entered the prison in January, 1961. He has numerous other convictions as follows: car theft in 1936 and served a one to two year sentence in Wisconsin, forgery in 1939 and served a one to two year sentence in Wisconsin, carnal knowledge in 1941 and served a one to three year sentence in Wisconsin, transporting a minor across a state line in 1943 and served eighteen months in Leavenworth, Kansas (Federal), burglary in 1950 and served fifteen years in California. The subject has an eighth grade education and has completed penitentiary schooling in the penitentiary beyond the eighth grade. The interview took place in the prison office of Major Poiry from 1:10 p.m. to 2:30 p.m.

2. McCutcheon gave the following account of activities in the prison on the evening of June 8, 1964:

"About 6:15 to 6:20 Monday night, June 8, 1964, I was down at the recreation field near the #1 ball diamond where the Playboys and Star Dusters were playing ball. Slick Stidham is manager of the Star Dusters and Bussmeyer is manager of the Playboys. While I was there I was up at the recreation equipment check out room and I observed knives being given out by Sushank to Chester Eley, Billy Burke, Bussmeyer, and Douglas. I also seen Rex Peck with a knife, but I don't know where he got it. I asked Sushank what was up and he said, 'They are going to have a rumble'. I thought it was going to be on the yard. I left the yard about 6:30 p.m. and made my way to the upper recreation area to get away from the trouble and took a speaker box out and set it up for the outside movies. On my way back I looked in through the last window of the tunnel and I saw Bussmeyer stick a knife in a colored man. Bussmeyer was holding a rag up to his face with his left hand and had the knife in his right hand. Bussmeyer came up behind the colored man and stabbed him in the back. He stabbed him up about the shoulders and the colored man spun around and he stuck him in the stomach just under the ribs. Bussmeyer ran down toward F and G Hall and went to the hobby shop. The colored man was staggering down the tunnel toward the opening at the control center. People

were running every direction and yelling. I saw two other fellows run by with masks or something on their heads. I did not know them".

3. McCutcheon advised the undersigned officer that he would testify in court if necessary, and that the above information was true to the best of his knowledge. He was unable to identify the colored subject he saw stabbed. He stated that he felt the reasons for the stabbing incidents were race hatred, and the fact that some of the prison hot heads felt that the more heat they could bring on the prison would better their chances of moving out the warden.

1. On the afternoon of September 22, 1964, the undersigned officer interviewed Guard Captain Glen F. Troyer, age 54, New Bloomfield, Missouri. Troyer has been an employee at the prison for a number of years and was on duty there on the evening of June 8, 1964, when the stabbings occurred. This interview was held in the prison office of Major Poiry.

2. Captain Troyer gave the following information with reference to the stabbing incident: About 6:45 p.m., June 8, 1964, Troyer was on duty in the Canteen when a group of inmates went through the tunnel toward F and G Hall. After some of the inmates had gone out of sight of Troyer around the corner of the tunnel he heard one man scream and part of the crowd came running back toward the central center past Troyer. Troyer states that one colored subject named Mitchell had been stabbed in the back and as he came running by, Troyer shoved him through the central center gate out of the tunnel. Then another colored subject named Franklin came by. He was bleeding in the front and Troyer shoved him through the central center gate. Troyer stated that he did not know how or when the colored subject Simmons went by him, however, this could have occurred while he was putting one of the other injured subjects through the gate.

3. Troyer stated that he then took a group of white inmates down through the tunnel toward F and G Hall, and that as he rounded the corner he found three small knives on the floor. All of the knives appeared to be clean at that time. He also found two cloth masks near the chapel door and three more knives in the shower room doorway. One was a big knife and was bloody. One was a dagger type knife about six or seven inches long and it was also bloody. The third knife was without blood. Troyer took all of the above items to the control center and turned them in. He further stated that he saw no actual stabbing or cutting but did assist in getting the injured subjects out of the tunnel and then placing the other inmates in their cells in A, F, and G Halls after the incident.

1. On the afternoon of September 22, 1964, the undersigned officer interviewed Joseph Beattie Van Alst #74696, an inmate of the Missouri State Prison. The interview took place in the prison office of Major Poiry. Van Alst is a white male subject, age 39. He is presently serving a twenty-five year sentence for felonious assault. Van Alst stated that he had completed the sixth grade and was able to read and write.

2. Van Alst gave the following account of the occurrences at the prison on the evening of June 8, 1964:

"About 6:45 p.m., June 8, 1964, I was in the tunnel between the chapel door and the corner. I saw Bobby Burns and Richard Laws there. They had on white cloth masks up to eye level. They jumped out of the line. Bobby jumped out of the line next to the windows and grabbed this colored boy who was running toward the hall yelling and it looked like he held him and I saw Richard Laws stick a knife in the colored man's back on the lower left side just above the belt. The colored man then ran back toward the tunnel opening yelling, 'Oh, Oh, Oh', and holding his stomach. Laws and Burns stood there a minute. Then I ducked in the shower and saw them take off their masks and then Laws came into the shower without a mask and was carrying a shirt in his hand. About three minutes later I saw Burns and Laws washing their hands in their cells and each had blood on his hands. I don't know what they done with the knife. The knife was shiny and was twelve to fourteen inches long and about an inch and a half wide. It had five or six inches of blood on it when they pulled it out of the colored boy".

3. Van Alst told the undersigned officer that he had observed other subjects in the tunnel wearing masks but could only recognize the ones named above. He stated he did not know the names of the colored subjects who were victims in the stabbings but felt he might be able to identify the one he had observed from photographs. 1. On the morning of September 21, 1964, the undersigned officer contacted Warden E. V. Nash at the Missouri State Prison, Jefferson City, Missouri, as per your instructions. Warden Nash stated that the Cole County Prosecuting Attorney and the prison authorities felt that an outside agency should interrogate the subjects and witnesses involved in the stabbing incidents which occurred at the prison on June 8, 1964. Nash indicated that most of these inmates had been interrogated previously by prison officials and that numerous stories had been told.

2. Warden Nash indicated that several inmates claimed to have been witnesses to the stabbings and he furnished the names of eight inmates. He further indicated that information received by the prison authorities indicated that the subjects responsible for the stabbings were Richard Laws #03230, Robert E. Burns #75811, William H. Burke #07738, Chester Lee Eley #00846, Donald Busmeyer #71843, and Walter Douglas #02141.

3. On the morning of September 22, 1964, the undersigned officer interviewed Leslie Allen Achter #75595 in the office of Major Poiry at the prison. Achter is a white male subject from Charleston, Missouri. He is presently serving a ten year sentence from Mississippi County for assault with intent to do bodily harm with a deadly weapon. He entered the prison on this sentence June, 1959. He previously served a four year term in the prison for burglary and larceny from Mississippi County starting in August, 1955. Achter stated he has no education and was unable to read or write. In interviewing Achter he appeared to be above normal in his thinking and memory and was able to describe in detail the actions he had witnessed on the evening of June 8, 1964. Achter stated that the information he furnished was true and correct to the best of his knowledge and that he was willing to testify in court.

4. Achter gave the following account of occurrences on the evening of June 8, 1964:

"On the evening of June 8, 1964, about 5:15 p.m., I left F Hall where I cell in 127. I went to the ball fields to #3 diamond. Sushank passed the knives out of the window. Griffin went back to the #1 diamond where he passed the knives out to Tony Eno, Billy Burke, Chester Eley, Billy Hicks, Rex Peck, Lloyd Katcher-side, and Douglas. Bussmeyer was coaching first base and when his team came in to bat he walked over to the check out room and Sushank gave him his knife. It was wrapped up in a dirty rag. He stuck it inside of his jacket and walked back to his team and started coaching first base. A foul tip was hit and it rolled toward Bussmeyer and the wall. He kicked the ball so that it bounced from the wall into his hands, as he could not bend over to pick up the ball on account of the knife stuck inside of his jacket and pants. At that time I saw the middle part of the knife when his jacket gapped opened. About 6:20 p.m. I left and went to #3 diamond to meet my buddy, Billy Joe Davis, and give him some instant coffee.

"While I was talking to Davis and Harold Enloe, Bussmeyer and Douglas came around the back stop and Bussmeyer said, 'Let's see if the god damn warden will put this in the paper', and he named some St. Louis newspaper. Bussmeyer and Douglas took off and left the line and went across the yard to the tunnel opening at the control center. When Davis, Joker Jones, and I went through the tunnel and turned the corner we saw Douglas and Bussmeyer standing with their backs to us and both tying handkerchiefs around their necks. When they turned around facing us they pulled the handkerchiefs up to their eyes. This happened near the door of what used to be the old hobby shop and is now the Protestant Chapel. This was out in the tunnel. Douglas said, 'Hold the line up', but everybody kept coming. He was holding a knife in his left hand about chest high. The knife was about nine inches long, was sharp on each edge, and had a blunt point. I would know the knife if I could see it again. Bussmeyer reached down and picked up a knife with his left hand and turned around facing us and said, 'This is no joke, hold this line up'. This knife had a blunt point with a hole in the center of the blade at the point. It was about two inches wide and eighteen to twenty-four inches long, not counting the handle. It looked like a sword or a corn knife. We all lined up along the outside wall of the tunnel. Davis was right behind me and Joker Jones was behind him and he was yelling, 'Give me room' and shoving around. He shoved Davis and I out of the line and Bussmeyer said, 'Make two lines', so I stepped over and they started making the other line behind me. Bussmeyer had the long knife right in my face. He said, 'O.K., bud, hold it right there and you won't get hurt'. When we formed two lines Bussmeyer said, 'All right, bring them on'. The play started at the back of the line. This one colored fellow ran all the way to the front of the line to about even with the chapel door where he was tripped up by Chester Eley. He flipped as he fell and while he was down Douglas stabbed

at his chest. Bussmeyer said, 'Let me have him', and he kicked his head back and stuck the long knife in the pit of the colored man's stomach, right below his ribs. The colored man was yelling and screaming. When Bussmeyer still had the knife in the colored man's stomach the fellow tried to jerk the mask down and Bussmeyer turned to hide his face. Bussmeyer went on down the tunnel and dumped the knife either in the rest room or the shower and threw his cap in a barrel. The colored man ran out of the tunnel near the control center and fell in the yard at the front of the A Hall where he died. Some of the colored boys that got out called in F Hall and had been there a week or a week and a half. I think this whole thing happened because of race hate."

5. After giving the above information to the undersigned officer, Achter again stated he would testify to these facts of his own free will.

6. As other witnesses in the stabbing incidents are interviewed, information furnished by them will be forwarded in report form.

1. On the morning of October 2, 1964, the undersigned officer interviewed Lee Andrew Holt, #07733, an inmate of the Missouri State Prison. The interview was held in the day room at the Church Farm. Holt is a white male, age 42, from St. Louis, Missouri. He is presently serving a three year sentence for burglary from St. Louis City and was admitted to the prison on December 6, 1963. He previously served a seven year sentence for armed robbery and stealing from St. Louis City and was released in March of 1963. Holt has a sixth grade education.

2. Holt gave the following account of occurrences at the prison on the evening of June 8, 1964:

"On Monday evening, June 8, 1964, we had been down in the yard and was going back to F and G halls through the tunnel. I had gone around the corner of the tunnel toward F Hall. Someone yelled "Hold it" and I stopped and looked up and there stood two guys with hoods on and they had clubs. Then I heard this noise behind me and I turned and looked toward the corner. I saw Jerry Barker beating this colored boy. Barker was not wearing a hood or a mask. I saw Bill Burke hit the colored boy with a knife several times. He stuck him in the back 3 or 4 times and then in the front. Burke had a towel or rag over his head but it slipped off while he was cutting and I saw him. I also saw Chester Eley with a mask on and a knife in his hand but I did not see him cut anyone. Burke had a homemade knife about 12 inches long. Eley had a knife that looked like a sword. The colored man broke away and came right by me. He had bloody holes in his back and front. I did not know him but he was an older fellow and had gray in his hair. He ran past me and saw the two men with hoods on that had stopped the line ahead of him so he turned around and came back by me, running and yelling and went around the corner going toward the control center opening. The two guys up front took their hoods off and faded into the crowd. Burke and Eley faded into the crowd and walked toward F and G halls."

3. Holt stated that he would testify in court to the above facts but did not want to do so while he was still an inmate at the prison.

1. On the afternoon of September 28, 1964, the undersigned officer interviewed Robert William Mitchell #00844, an inmate of the Missouri State Prison. Mitchell is a negro male, age 29, from St. Louis, Missouri. Mitchell entered the prison June 2, 1960, to serve an eight year term for rape and burglary from St. Louis City. He previously served two years in 1958 at Alcaza for armed robbery from St. Louis City. Mitchell has an eleventh grade education. The interview was held in the prison office of Major Peiry.

2. Mitchell gave the following account of happenings at the prison on June 8, 1964:

"On Monday evening about 6:45, June 8, 1964, I had been down at the ball game and when we came back from the yard I walked and talked part of the way with Bussmeyer. We talked about the ball game that his team, the Playboys, lost to Ellick Stidham's Star Dusters. When we entered the tunnel I slowed down to wait for Banks, who had stopped at the Commissary. Bussmeyer went on ahead. Banks came out and we started on through the tunnel toward the hobby shop. When we got down close to the chapel door Simmons came running from around the corner and ran past us going toward A Hall. He was yelling, 'Oh Jesus, Oh Jesus'. He was bleeding from the chest and down the front. I did not see anyone hit him. Franklin then came running from around the corner holding his chest with both hands. He was bleeding from the chest. He also went past us coming toward A Hall. Then these fellows with hoods over their heads came around the corner facing us. They all had knives and several of them jumped on me. I got stuck in the upper right arm, the right side, and in the stomach. In the bunch that jumped on me, I recognized Billy Burke and Chester Eley. I recognized Burke from his build and Eley I knew by his shoes. I knew the shoes because I had repaired them in the shoe shop. Both of them had bloody knives in their hands and hoods on their heads. After that I held onto the railing in the tunnel and did not see any more of the action. Parks and Banks brought me out of the tunnel".

3. Mitchell looked at several photographs and readily identified the photographs

1. On the afternoon of September 25, 1964, the undersigned officer interviewed Howard Lawrence Ramsey #08415, an inmate of the Missouri State Prison. Ramsey is a white male, age 34, from St. Louis, Missouri. He is presently serving an eight year sentence for robbery from St. Louis and came to the penitentiary in April, 1964. He has previously served three years at the Training School in Boonville for stealing from St. Francois County in 1944, two years in Alcoa for escape from St. Louis County in 1946, thirty months in Terre Haute, Indiana (Federal) for the Dyer Act in 1951, two years at the Missouri State Penitentiary for burglary from St. Louis County in 1954, thirty months in Leavenworth, Kansas (Federal) for the Dyer Act in 1959, thirty months in Leavenworth, Kansas (Federal) for escape in 1960. The subject received his high school certificate while in prison in Leavenworth, Kansas. The interview took place in the prison office of Major Poiry.

2. Ramsey gave the following account of happenings at the prison on the evening of June 8, 1964:

"I was down at the recreation yard on Monday evening about 5:30 or 6:00 p.m. and I saw Laws and Billy Burke go to the check out room where Sushank handed them a bunch of knives out of the back door. The knives were not wrapped up and I got a good look, as I was only about eight or ten steps away. They stuck them under their belts under their shirts and walked down to the ball diamond. I saw Burke give Busmeyer a big knife that looked like a corn knife. Busmeyer stuck the knife down the front of his shirt and pants. Busmeyer was coaching the Playboys ball team. I left the yard and went to the greasy line and ate supper. When I finished eating I went on up to the tunnel and was standing inside the tunnel talking to Eaton. While I was there along came Busmeyer, Laws, Billy Burke, and two others that I did not know. They were at the front of the line. They went on down the tunnel and around the corner out of sight. The rest of the group started coming in and going down the tunnel. Most of them stayed along the left side of the tunnel in two lines. I heard screaming down at the corner of the tunnel and I looked down there and saw two guys with masks or hoods on their heads. They were cutting and stabbing at the colored fellows. I did not know any of the colored men. I saw Busmeyer draw back and lunge at a colored boy and grab him and then he hit him with that big knife. It looked like he stuck him in the back. The colored men would take a couple

of steps and fall then get up and make a couple of more steps and fall. He was coming back toward the tunnel opening. Bussmeyer threw the knife out of the window of the tunnel and ran around the corner toward the hobby shop. Bussmeyer was unmasked. I left the tunnel and went to B-20 where I called with Sushank".

3. Ramsey told the undersigned officer that on the following Saturday he was with a group of inmates when Bussmeyer told them that he used the long knife and ran it clear through a colored man. Ramsey further stated that he would testify in court but that he feared for his own life and if he had to testify, he did not want to stay in the "joint". He indicated he would like to transfer to Moberly.

1. On the morning of September 25, 1964, the undersigned officer interviewed Robert Charles Banks #00037. Banks is a negro male, age 24, whose home is Slater, Missouri. He was admitted to the penitentiary January 12, 1960, to serve a term of fifteen years for second degree murder from Saline County. In 1958 he served a two year term in the Alcoa Intermediate Reformatory for stealing also from Saline County, Missouri. Banks has completed the eleventh grade and is able to read and write. This interview took place in the prison office of Major Poiry.

2. Banks gave the following account of activities at the State Prison on the evening of June 8, 1964:

"About 6:40 or 6:45 p.m., Monday night, June 8, 1964, we were walking back up to the tunnel opening at the control center. We were coming back from the recreation area. I saw Bobby Burns setting on a keg near the tunnel opening at the control center gate. I was walking along the right side of the tunnel toward F and G Hall. Mitchell, Parks, and I was going to the hobby shop. I was on the right and Parks was about even with me on my left, and Mitchell was about four or five steps behind us. Simmons was going along the left side of the tunnel, about twenty or twenty-five feet behind us. About this time two white guys came from the direction of F and G Hall and rounded the corner facing us. They both had white cloth hoods over their heads and faces. I did not know them. One had two holes for eyes and one had one hole. Both had knives and they were yelling and slashing at inmates, but I did not see them hit anyone. Inmates were running every direction. Someone back toward the tunnel opening yelled, 'I'm going to kill all of you'. I turned and looked back toward the opening. I saw Parks grab his back and right side and I saw Douglas backing away from Parks. He had a bloody knife in his right hand. I thought Parks was struck twice as he was holding his back with both hands. Parks started swinging. I ran between him and Billy Burke. Burke did not have a mask on but he had a knife that was long and looked like a butcher knife in his right hand. He drew the knife back and took three or four steps toward me and stopped. He looked surprised. Then a guy with a rag over his face grabbed

me with his left hand and he drew back a knife with his right. I threw up my hand and knocked the knife away. I also knocked his head and mask back and saw that his upper front teeth were missing. He was blond headed. I don't know this fellow's name, but I see him in the yard occasionally. Before I started running I saw Simmons. He hollered, 'Oh my lord', or 'Oh my god'. He was running toward the tunnel opening. Burke was slashing at Simmons' back with a bloody knife. I saw Chester Eley swinging a bloody knife but I did not see him cut anybody. He was over close to Simmons and Burke. Eley has a habit of wearing a handkerchief around his neck. He had it pulled up into a mask when I saw him with the knife. I knew him by his eyes and hair. Everybody took off running. I came back toward the tunnel opening and helped Mitchell through the control center gate and on to the hospital. I recognized Eley, Douglas, and Burke and could point out the fellow with no front teeth. I do not know who the other two fellows was".

3. Banks stated that the above information was true to the best of his knowledge and that he would testify in court.

1. On the afternoon of September 24, 1964, the undersigned officer interviewed Joe Henry Brunner #08234, an inmate of the Missouri State Prison. The interview was held in the prison office of Major Poiry. Brunner is a white male subject, age 28, from Sioux City, Iowa. He was sentenced to the Missouri State Prison on May, 1959, for a seven year term for burglary and larceny from St. Joseph, Missouri. He was sentenced again in 1964, two years, for escape from Cole County, Missouri. He has other convictions as follows: in 1953 a one year sentence for burglary in the State of Oregon, in 1954 a three year sentence for burglary in the State of Texas, in 1957 a two year sentence for strong arm robbery in the State of Oklahoma. Brunner has a sixth grade education.

2. Brunner gave the following account of his activities and observances on the evening of June 8, 1964:

"At 6:35 p.m., June 8, 1964, Monday evening, we were moving through the tunnel toward F and G Hall coming from the ball field. I was back about mid-way of the group which was in two lines with a few walking in the middle. When I got around the corner, almost to the chapel door, I saw Chester Eley drop out of the line and stand up against the rail. About that time he pulled a pillow case mask with holes for eyes down over his face. I think he took it out of his shirt. He had a knife in his right hand and he yelled, 'Let's get these niggers'. Nothing started until he yelled. This colored boy had just passed Eley and he turned to run back toward the control center. As he got within reach, Eley stuck him in the lower right part of his back about belt high. He missed him the second swipe and cut his shirt. The colored boy ran on toward the corner and fell to the floor on his hands and knees. Eley tried to cut him again but the colored boy got away and ran toward the tunnel opening. Another colored man came running and screaming from F and G Hall down the tunnel toward the control tower and Eley took a swipe at him and missed. Eley had a knife about fourteen inches long with a slender blade. He threw the knife into the shower room just off of the tunnel. About the same time I saw Bruke throw a smaller knife with blood on it in the shower room. I did not know either of the colored boys".
