Closed Circuit TV Approved

Sirhan Trial Is Postponed

By Associated Press

LOS ANGELES — Trial of Sirhan Bishara Sirhan, charged with murdering Sen. Robert F. Kennedy, was postponed Thursday until Jan. 7.

Prosecution and defense attorneys approved closed circuit television of the proceedings to an auxiliary press room.

The trial had been scheduled for next Monday. The delay was to permit a new member of the defense team, veteran criminal attorney Grant B. Cooper, to familiarize himself with the case. He just wound up participating in another trial.

Superior Judge Herbert V. Walker, who will preside in the case, announced that he probably will let husbands and wives

visit jurors on weekends. He earlier had said he would lock up the jury after each session. The trial is expected to last at least two months after a jury is selected.

The televisio setup — a concealed camera in court, with receivers in an auxiliary courtroom on another floor — was occasioned by the shortage of

seating in the main court room. There will be no public television.

Sirhan, 24-year-old Jordanian, sat quietly through the proceedings. He is accused of shooting Kennedy and wounding five others last June 5 just after Kennedy claimed victory in California's presidential primary election.

Mr. President

Washington, D.C.

My Dear Mr. President:

I wish to express my opinion on something which has concerned me greatly for months. It is, the assassination of Senator Robert Kennedy. I wonder Mr. President why this Mr. Sirhan Sirhan is allowed a life to live when he has taken without reason or cause the life of a most beloved American. Surely, Mr. President I realize that there are problems enough today in the world which require more priority, but Mr. President can't something be done to avenge this wrong doing by Mr. Sirhan?

Mr. President, I do love my country just as it is, as free as it is, but should Mr. Sirhan be allowed to share my American freedom?

I must tell you I am a 22 year old young woman with a strong feeling and have no doubt that this same feeling concerning Senator Kennedy's assassination is shared by millions of other American people.

Thank you very much Mr. President for taking the time to read this.

Very respectfully yours,

Thank you for your letter of December 4, 1968, enclosing a copy of a letter from Mrs. Mary Hilderbrand concerning certain medical tests allegedly being administered to Sirhan Sirhan. Please excuse my delay in responding.

I have carefully considered the information as presented by your constituent. The circumstances as described do not, however, warrant action by this Department. NOV 29 1968

Honorable Sir:

I have a question to ask and would appreciate receiving a direct response from you.

I read in the Bakersfield California, 11/25/68, that Sirhan Sirhan is to be given "chromosome" sanity tests to determine if he has a possible hereditary compulsion toward violence. If he has a "chromosome" count of XYY in lieu of XY he might be considered a "super male" who is predisposed toward violence. My question is, why are they trying so hard to prove this man insane so that he will not be executed for the death of one, Robert F. Kennedy? Instead, put him in a mental institution for 5 to 10 years then be released as a free man. Who is behind all this political idiocy and how much money is involved???

Why wasn't a "chromosome" test given to the killers and rapers of Timothy Luce and Susan Barthomei? One of the accused has been given the death penalty which I believe is only right and just. Was such a test given to one Richard Welch for the killing and raping of the Jenkins boy and Diane Bradford? What about Richard Speck and the 8 nurses? How many other murderers and rapists etc. down through the years have been given the advantage of a "chromosome test"?

Who and why are they trying so hard to free this man of such a senseless slaying? Why can't he be given a trial like any other human being who has committed a crime? Is it because this is the game of politics? Because he has one Russell Parsons defending him? Because it was a political figure killed - a Kennedy? Wasn't Bobby Kennedy just another ordinary human being with an ordinary daily job? I believe in freedom and justice for all men, but why is justice toyed with so much?

I realize that there is more money involved as far as the attorney representing Sirhan is involved but why does money always have to win out - why can't things be excepted for what they are.

I could go on and on regarding this matter but I won't. Again I would much appreciate your response to my inquiry.

Respectfully,

Robert Mathias

It is tragic, of course, that many children have unhappy homes and consequently develop resentful and distorted adult dispositions.

However, the fact remains that anyone who commits a murder is TEMPORARILY INSANE. In other words, has lost control of his emotions.

No matter what his background, is dangerous to the law abiding citizens. Yet that defense and others like it, turn these people loose to endanger other lives and property, every single day.

There should be a law enacted immediately, to void the possibility of using the 'TEMPORARILY INSANE' and similar defense argument, to acquit these people who commit crimes because they cannot control their emotions. Even those who are convicted are too, too often released from prison after serving a few years of their sentence.

THE TIME IS LONG PAST DUE WHEN FIRST PRIORITY IS GIVEN TO PROTECTING THE CRIMINAL, AND SECOND PLACE GIVEN TO THE LAW ABIDING. it should be changed.

In the month of June one of
this country's most beloved men was
shot down in cold blood right in
front of thousands of people. Of course
they caught the man who killed him,
but for all that's happened to this
man in way of punishment, what
good did it do? They have been busy
protecting Sirhan from us, or from
someone who would want to end
his life like Ruby did Oswald's. I
suppose these are good measures to
take, but let me ask why don't they
try him instead of delaying his trial?
Do they hope that if they wait long
enough the rest of us will forget
about it all and they can let him
go after he serves a few years in pri-
son. If that is their way of think-
ing, they greatly underestimate our
memories! Not only are they fooling
around and wasting time on Sirhan's
trial, but they're doing this on all
convicted people's trials. It really
and truly is a crime to punish a

people want some action to be taken because our country cannot last if things are left as they are. People who have committed a crime and have been convicted must be punished, not turned loose after serving a few years of a thirty year term, or for the jury to let him go in the courtroom.

The Supreme Court should go jump in the lake! They are communists themselves, I think! We should be allowed to pray in school. It's the least we can do to show our love to God compared to all that he's done for us. And, also that stupid, stupid law or rule that says it is a violation of communists' rights to make them register in the United States, yet we have to register our guns. Mr. President, the communists must be made to register. They're here to destroy the United States and our government, and to then set up communism! All we ask of them is to register! That is not too high of a price to pay compared to what they're trying to do to us. The communists must be controlled!

all acts of treason against the United States must be punished. When someone gets up in front of everybody and says that he's been to Moscow and Peking, and that he's going to help overthrow the government, shouldn't someone get a little suspicious? Or will it be considered to be one of the crazy things that the kids of today say?

I hope you know, Mr. President that you have got a big mess. and, if you refuse to protect us, if you refuse to control the communists, if you refuse to punish people like Sirhan, and if you refuse to take hold of that Supreme Court by the shoulder and shake some sense into them, Mr. President you've, well, I don't know how to finish that sentence. Dear Mr. President: This is the first letter I have had the temerity to write to you in your office.

The continued delay of trials for Mr. Ray and the slayer of Robert Kennedy seem all out of reason to so many of us. The Kennedy slayer who was apprehended on the spot with the murder weapon in his hand seems to

be permanent in our
minds. Delays are
very expensive and
the seeming lack of
justice being done
only adds to the

Justice
His Honor

The President of the United States of America
Washington, D.C.

Dear Mr. President;

I am sure you have seen and heard about this Sirhan case that up until today our government has spent 285,949.00 in trying to find this guilty.

Just what kind of laws did our forefathers lay down for us Was it for justice, or was it for someone to tamper with and interpret it as they saw fit. ??

Everyone you talk to, they wonder in amazement about how much money the government spends to try to prove someone innocent whether it be by the fact of hiding behind the 5th amendment or trying to prove the man insane. Aren't we all insane to a certain degree then. ???

Our laws and our courts are getting to be a big farce. You have a man who was caught red handed and had killed and tortured 8 young nurses. This man is still in the best hospitals and under the best of care, while our boys fighting in Viet Nam are prisoners and being deprived of so many necessities of life. Yet here we have a brutal criminal who did confess, who was not sorry for what he did and yet our country thru its mal interpreted laws, are fighting so hard to save this mans life at the expense of all of us. Does this make right thinking ???

Now here you have Sirhan who was caught, he did it he admitted the T.V. cameras can tell you he did it, and yet our laws are fighting so hard to try to prove this jerk insane. Does this make sense Where is our law and order and our fair justice in our courts ??? You will take an honest citizen who has never committed a crime, but make a mistake on his income tax return,, a federal case is made if this. The newspapers will smear his name all over the front page the radio adds all the momentum, until this honest man is shamed and all he can do is committ suicide. And yet a murderer who is caught red handed is permitted to go free and enjoy the tremendous care given to these privileged prisoners. Just what is this ??? Who restore some sanity to our courts and to our senseless courts and judges and crooked lawyers who get big fat fees to liberate a known criminal. This is a laughing stock. Other nations have a right to criticize our way of taxing our people so that we may protect criminal and murderers. You can't blame people for not wanting to pay taxes when they are not spent wisely and judiciously.

As the president you do have some powers to suggest some corrections, ask some senator to sponsor legislation which could plug up these wasteful loopholes. Put to death anyone who is found guilty of trying to overthrow our government, selling our secrets to the enemy, and murderers who rape, steal, and torture. Do hope you will get some legislation to stop this wanting lawlessness and expensive upkeep of criminals.

Yours Sincerely

Sirhan Case Costs Put at \$285,949.

LOS ANGELES (AP) — It cost \$285,949 through Sept. 30 to jail and start prosecution of Sirhan Bishara Sirhan, charged with the June 5 slaying of Sen. Robert F. Kennedy, the county says. Sirhan's trial is scheduled for Dec. 9.

Auditor-Controller Mar Bloodgood set the figure Thursday in a memo to a county supervisor. Much of the cost was attributed to alterations at the

Thieu today proposed this formula for the peace talks:

"Each party would have only one delegation. Our side is the victim of aggression. We would have representatives of the United States and, if necessary, other allied nations."

Dear Sir(han):

Having removed an all but unsurmountable obstacle from the path of the Republican presidential candidate you have not only earned the gratitude of conservative Americans but become the undisputed kingmaker in this year's presidential contest. Your service to the cause of anti-communism has been of uncalculable magnitude and will not soon be forgotten by the military planners who have worked so hard to escalate a minor civil war in Asia into an ideological confrontation of major proportions.

The skillful elimination of Senator Robert F. Kennedy from the political scene and the prevention of an impending Kennedy landslide were executed in the aggressive spirit of your great compatriot Amin El-Husaini, the Grand Mufti of Jerusalem, who as early as 1942 recognized the extent of the communist menace. This noted Arab nationalist supported Hitler's invasion of the Soviet Union unequivocally and it can be assumed that many of his Arab followers and other right-wing extremists look upon the war in Vietnam as being a continuation of this original anti-communist crusade.

Your bold action has altered the course of history. The world trembles in contemplation of the ominous consequences of your morbid deed.....
