Thomas Daniel Good, born June 27, 1945, is a Reserve Index B subject of the San Francisco Office and was reported as a close associate of Sirhan Bishara Sirhan. Good had a recent history of association and activity with Students for a Democratic Society at San Jose State College, San Jose, California. In 1967 he possibly expressed an interest in joining a Communist Party youth group. In November, 1967, he was arrested for participation in a riot for which he received one year probation and \$100 fine for resisting arrest.

The Domestic Intelligence Division and the General Investigative Division previously authorized an interview of Good in order to determine Sirhan's political views and possible motive for his assassination of Senator Kennedy. Repeated attempts by San Francisco to interview him were unsuccessful. Investigation determined he could be reached in care of Aubrey Grossman, a well known San Francisco Communist Party attorney, who is on the Security Index. Grossman has been described as a dedicated communist whose activities in behalf of the Communist Party extend back to the late 1930's. He frequently represented communists as well as communist front organizations.

By Bureau teletype June 12, 1968, San Francisco was granted authority to interview Good in the presence of Grossman if warranted. On June 14, 1968, Good was interviewed at the San Francisco Field Office in the presence of his attorney, Grossman.

During the interview Good admitted acquaintance with Sirhan but was not aware of any organization or group he belonged to or any motive for the assassination. At the conclusion of the interview, Grossman stated he felt that the FBI five years ago covered up racist and right wing connections with the assassination of President Kennedy and said he had the same feelings with regard to the Senator Kennedy investigation. Memo to Mr. Sullivan  
RE: KENSALT  
62-587

emphatically informed Grossman that he was in error and again asked him if he had any information regarding Sirhan's affiliations with any group of any type. Grossman and Good both advised they had none.

We are in receipt of a letter dated June 14, 1968, that Grossman sent to Senator Edward M. Kennedy alleging the FBI was not fully investigating the assassination of Robert Kennedy because his client (Good) was not asked general questions about Sirhan or about racist individuals or groups who may have been responsible for the assassination. Senator Edward Kennedy sent the letter to Secret Service which has forwarded it to the FBI.

OBSERVATIONS:

Grossman is obviously antagonistic toward the Bureau and because of this, as well as his subversive background, no purpose would be served in contacting him to straighten him out. As a matter of fact, this interview was for a limited purpose and since the attorney was present, the Agents would have been in error if they had engaged in a fishing expedition of the type Grossman expected. However, Senator Edward Kennedy should be advised that Grossman's allegations are completely without foundation, that Good was interviewed for the specific purpose to resolve allegations of Sirhan's association with Students for a Democratic Society and that no purpose would have been served in asking Good to speculate regarding right wing associations when no such allegation was involved in this inquiry. Further, it should be pointed out that during the interview Grossman was critical claiming that the FBI was covering up racist and right wing connections with the assassinations of both President John F. Kennedy and Senator Robert Kennedy. When asked for specific information of Sirhan's connection with any groups, both Grossman and Good denied having any such information.

RECOMMENDATIONS:

- 1) That Mr. Bishop's office contact Senator Edward M. Kennedy or a member of his staff and advise as indicated above, and also furnish him confidentially pertinent information concerning the Communist background of Grossman.
- 2) That the enclosed letter to San Francisco, together with a copy of Grossman's letter, be forwarded for information.

## WITNESS ADMITS FALSE TESTIMONY BEFORE LOS ANGELES GRAND JURY

*LOS ANGELES CALIF.*

Vincent Thomas DePierro, a waiter at the Ambassador Hotel who was walking next to Senator Kennedy at the time he was shot on June 5, 1968, was afforded a polygraph examination by the Los Angeles Police Department on July 1, 1968. DePierro had previously advised that he had observed Sirhan Sirhan in the vicinity and claimed Sirhan was talking to a girl in a polka dot dress just prior thereto. (It was determined that this girl was not the same as the one allegedly seen by Sandra Serrano running from the scene. Serrano subsequently admitted under polygraph examination her information was completely false).

DePierro testified to the above before the Los Angeles Grand Jury but after polygraph examination admitted his information concerning the girl in the polka dot dress was entirely false. He stated he lied solely to make his story more interesting to the news media and authorities. *e*

Local authorities now indicate that DePierro's value as a witness concerning the actual shooting has now been destroyed.

## SIRHAN'S ATTORNEYS ENGAGE INVESTIGATOR

*CALIF*

Los Angeles reports that defense attorneys for Sirhan engaged a former Los Angeles police officer as investigator for the defense, Michael A. McCowan. According to information furnished by the Los Angeles Police Department McCowan resigned from the department in 1965 after being arrested by postal inspectors on a mail theft charge. He received a probationary sentence and remains on probation at this time. No information could be located in Bureau files concerning McCowan.

AUTHOR GEORGE PLIMPTON AND WIFE INTERVIEWED

George Plimpton, author of the novel "The Paper Lion" which deals at length with the lives of professional football players, has been reported by various news media as having been present at the shooting. Both he and his wife have been interviewed by Agents of our New York Office. Mrs. Plimpton claims to have been in a position to see the actual shooting and George Plimpton immediately after the shooting helped subdue Sirhan.

ACTION:

Attached is a letter to the Attorney General with copies to the Deputy Attorney General, the Criminal Division, the Civil Rights Division and Special Assistant to the Attorney General William S. Lynch advising of DePierro's false testimony and the fact McCowan has been engaged as an investigator.

LOS ANGELES, CALIFORNIA

Vincent Thomas DePierro, a waiter at the Ambassador Hotel, previously advised Special Agents of the FBI and officers of the Los Angeles Police Department that he had observed Sirhan Bishara Sirhan shoot Senator Robert F. Kennedy on June 5, 1968, and just prior thereto had noted Sirhan engaged in a conversation with an attractive white female attired in a polka dot dress. Our Los Angeles Office has now advised that DePierro was afforded a polygraph examination by Los Angeles, California, authorities on July 1, 1968, following which he admitted the information concerning the female in the polka dot dress was entirely false. DePierro told local authorities he lied solely to make his story more interesting to the news media and police authorities.

Local authorities have advised our Los Angeles Office that DePierro testified before a local Grand Jury identifying Sirhan as the assailant and commented on the fact that he had observed a female in a polka dot dress talking to Sirhan. In view of his current admissions as to the fraudulent nature of a portion of his testimony, local authorities now indicate his value as a witness concerning the actual shooting has now been destroyed.

For your additional information, our Los Angeles Office reports that defense attorneys for Sirhan have engaged one Michael A. McGowan, a former Los Angeles police officer, as an investigator for the defense. According to information furnished by the Los Angeles Police Department, McGowan resigned from the department in 1965 after having been arrested by postal

SUBJECT: KENSALT

We have received from the Los Angeles Division of the Bureau approximately 28,000 .22 caliber cartridge cases for comparison with a cartridge case from Sirhan Sirhan's revolver. Los Angeles advises that these cartridge cases were obtained from the San Gabriel Valley Gun Club where, it is understood, witnesses identified Sirhan as having fired the revolver, later identified by the Los Angeles Police Department as being the weapon that was used to kill Senator Kennedy. All of the previous firearms examinations in this case were conducted by the Los Angeles Police Department.

This examination was probably requested to show that Sirhan had been at the firing range and was apparently initiated prior to the development of the eyewitnesses to this fact. Since to examine 28,000 cartridge cases would require approximately 500 man hours and since it appears that the results would only corroborate the eyewitnesses' testimony, the examination of the cartridge cases would appear to be of little value to the Bureau's case. (Persons talking to Sirhan at range already identified and interviewed.)

### RECOMMENDATION:

In view of the previous examinations by the Los Angeles Police Department and the disproportionate amount of time to examine the extremely large number of cartridge cases and the apparent limited value of the resulting information to the Bureau's case, it is recommended that we not conduct the examinations.

If the local authorities feel the examination would be of value to them, we can turn the cartridge cases over to them for examination.

Dear Johnny:

Saturday night I was amazed to hear from a local businessman the following rumor:

"A well-known attorney of the Department of Justice related at a cocktail party last week that Bobby Kennedy's assassin was inspired by a high government official."

The foregoing was related to me by Karl F. Jorss, Jr. who is the president of A. F. Jorss Iron Works, Inc., 300 10th Street, S., Arlington, Virginia, Telephone OT 4-9000.

I have known Karl for many years and consider him a conscientious and reliable businessman. If such a statement is being made by an attorney in the Justice Department among his social contacts, I am certain that your office will interest itself in putting a stop to it.

Respectfully,

ATTN: CRIMINAL SECTION

Attached is a copy of a communication dated June 17, 1968, from Mr. Daniel L. O'Connor as well as a copy of an airtel dated 6/25/68 from the Richmond Office. The contents of both communications are self-explanatory.

In view of the fact that Mr. Elwood Davis with office at 800 17th St., N.W., Washington, D. C., is alleged to have made the original statement relative to the assassination of Senator Kennedy, Davis should be contacted immediately and a determination made as to what comments, in fact, were made.

You should, of course, exercise discretion relative to the original source of this information.

Upon completion of your interview with Davis, full facts relative to this situation should be set forth in a brief but comprehensive letterhead memorandum in order that dissemination may be made to the Department.

RESEARCH MATTER

ReBulet dated 6/21/68.

On 6/25/68, Mr. ~~KARL F. JORSS, JR.~~, President, A.F. Jorss, Inc., Iron Works, 300 S. 10th St., Arlington, Va., home address 5401 Audubon Rd., Bethesda, Md., advised he attended a dinner party on Friday, 6/7/68, at the residence DC of Mr. ARMIGER L. JAGOE, 3700 Kanawha St., N.W., Washington, D.C. He identified Mr. JAGOE as President, Corporation Insurance Management, 4000 Brandywine St., N.W., Washington, D.C.

After the dinner, there was general discussion of the assassination of Senator ROBERT KENNEDY which had just taken place.

Mr. ~~ELWOOD DAVIS~~, Attorney with office at 800 17th St., N.W., Washington, D.C., was present at the dinner but left immediately after eating. During the after-dinner discussion, another guest, identity not recalled, quoted Mr. DAVIS as having commented during dinner that he, DAVIS, thought the assassination of Senator ROBERT KENNEDY "was inspired by a high government official". This guest did not explain the context in which Mr. DAVIS made this statement or endeavor to interpret his meaning.

Mr. JORSS had been at another table during dinner and did not personally hear Mr. DAVIS' comment.

Mr. JORSS voiced the opinion that Mr. DAVIS was not expressing knowledge of a conspiracy or that "a high government official" had had actual contact with the assassin, but rather that publicly-made, condemning, derogatory, and politically inspired statements were apt to be seized as "inspiration" by an ignorant or disturbed person, leading him to take personal action against the condemned public figure.

Mr. JORSS said he could only recall having discussed the assassination of Senator ROBERT KENNEDY at this party and in his office. He said he could not recall ever having attributed Mr. DAVIS' alleged comment to any "well-known attorney of the Department of Justice". He said Mr. DAVIS is privately employed as an attorney, mainly in trusts and assets. He denied knowing any attorney of the Department of Justice. There were 16 to 18 couples at the party and he declined to speculate as to the identity of the individual quoting Mr. DAVIS.

Mr. JORSS said he had no intention of spreading "rumor" concerning the death of Senator ROBERT KENNEDY. He was most desirous of ascertaining the source of the information leading to the interview with him; however, he was advised that this was confidential.

Since it would appear there has been a misunderstanding concerning statements allegedly made by JORSS and of the Department of Justice attorney also involved, no further action is being taken, UACB.

**ASSASSINATION OF  
SENATOR ROBERT F. KENNEDY  
LOS ANGELES, CALIFORNIA**

Reference is made to a letter dated June 5, 1968, from Assistant Attorney General Fred M. Vinson, Jr., captioned "Attempted Assassination of Senator Robert F. Kennedy," Department file FMV:MTE:ag. This concerns information furnished by Judge William Hawk Daniels of Baton Rouge, Louisiana, that Don George requested a tape of a television interview of Judge Daniels which contained remarks attributable to Edward Grady Partin that James R. Hoffa had once plotted to kill then Attorney General Robert F. Kennedy.

Additional information has been received concerning an alleged plot by James R. Hoffa to kill Robert F. Kennedy. One Edward Hugh Pole, presently incarcerated at Colorado on local charges, advised that while at the Federal Penitentiary, Lewisburg, Pennsylvania, around Memorial Day, 1967, he heard Hoffa say at the dinner table, "I have a 'contract' out on Kennedy and if he ever gets in the primaries or ever gets elected, the 'contract' will be fulfilled within six months." Thus far we have not located anyone else who heard this remark. Penitentiary officials advised that Hoffa's regular dinner companions are Samuel Desist, a narcotics violator, and Anthony Provenzano, a former teamsters' official who was convicted of antiracketeering. Neither Desist nor Provenzano has been interviewed in this regard.

Investigation thus far has uncovered no evidence of an association between Sirhan Sirhan and James R. Hoffa.

Since James R. Hoffa is presently appealing his Federal convictions and is represented by counsel, it is requested that this Bureau be advised whether an attempt should be made to interview Hoffa concerning the allegation

**NOTE:**

Colonel Bayard has been traveling throughout Europe with The Army Marksmanship Unit and reportedly advised a superior officer that while he was in Czechoslovakia with his team he had read in a local paper or heard an English broadcast that Senator Robert F. Kennedy had been shot which was several weeks before the actual assassination took place. Due to the constant travel status of Colonel Bayard it has been difficult to locate him but he was scheduled to return to Fort Benning, Georgia, on or about July 4, 1968. He is to be interviewed for further details.

Enclosed for the information of the Los Angeles Office is a copy of a communication from Boston dated 6/28/68, as well as a copy of the March 11, 1968, issue of "Junior Review."

A review of the material submitted by Boston would not indicate any connection with Sirhan Sirhan. You should, however, analyze this material in order that a definite determination may be made.

Boston, in the future, should, in conformance with previous Bureau instructions, furnish material relative to this investigation, not only to the Bureau but to the office of origin, Los Angeles. In addition, specific recommendations or leads should be set forth by the Boston Office when such action is obviously called for.

TO : DIRECTOR, FBI (62-587)

DATE: 6/28/68

FROM : SAC, BOSTON (44-646)

SUBJECT: KENSALT

Enclosed herewith is the March 11, 1968 issue of Junior Review which was furnished on 6/25/68 to the Providence Resident Agency by The Honorable ROBERT E. QUINN, Chief Judge, U.S. Court of Military Appeals.

Judge QUINN stated he was furnishing the publication to the FBI since his wife felt that the individual whose face appears to the left of the photograph of Senator EUGENE MC CARTHY bears such a remarkable resemblance to SIRHAN SIRHAN that it should be brought to the attention of the FBI. Accordingly this publication is being forwarded herewith for the information of the Bureau and the completion of Bureau files.
