Inventory for 2016-0019-S

Records of the Office of Speechwriting in the Office of the Vice President General Files

Extent

895 folders, approximately 27,600 pages

Access

Collection is open to all researchers. Access to Gore Vice Presidential records is governed by the Presidential Records Act (PRA) (44 USC 22, as amended) and the Freedom of Information Act (FOIA) (5 USC 552, as amended) and therefore may be restricted in whole or in part in accordance with legal exemptions.

Copyright

Records in this collection that were prepared by officials of the United States Government as part of their official duties are in the public domain. Researchers are advised to consult the copyright law of the United States (Title 17, USC) which governs the making of photocopies or other reproductions of copyrighted material.

Provenance

Official records of the Albert Gore, Jr.'s vice presidency are in the custody of the Presidential Materials Division in Washington, DC and are administered by the National Archives and Records Administration (NARA) under the provisions of the Presidential Records Act (PRA).

Processed By

Staff Archivists, September 2016. Previously restricted materials are added as they are released.

Scope and Content

The General Files in the Office of Speechwriting were compiled and used by various staff members to prepare speeches for Vice President Gore. The General Files document remarks given by Vice President Gore at official and ceremonial events which include swearing-in ceremonies for presidential appointees, dedication ceremonies, announcements of Clinton administration initiatives and bill signings, and keynote addresses for summits, conferences, and graduation ceremonies. Most of these speeches relate to women and minority issues, criminal justice, environmental issues, health care topics, education, foreign policy, family dynamics, reinventing government, and community development in the form of Empowerment Zones and Enterprise Communities. These files consist of correspondence, memoranda, form letters, notes, fax coversheets, letters, email printouts, speech drafts, remarks, talking points, policy papers, press releases, and numerous types of publications. Publications found in this series include pamphlets, brochures, newsletters, photocopied magazine and news articles, reports, fact sheets, website printouts, scripts, and Lexis Nexis printouts. In addition there are administrative files consisting of schedules, indices, curriculum vitas, resumes, trip books, lists, calendars, and speech briefs. These records are dated 1993 to 2000. The bulk of the materials are from 1993 to 1995.

System of Arrangement

This series of records is from Gore Vice Presidential Records: White House Staff Member and Office Files.

Staff Member and Office Files are the textual records created and/or maintained by White House staff members within their individual offices. These files document all levels of administration activity.

Records in this series have been systematically processed and arranged based on the five-digit Oversize Attachment/Identification (OA/ID) box numbers assigned to the records by the White House Office of Records Management during the Clinton Administration. The original order of the records within the boxes as they were received by the White House Office of Records Management has been maintained while arranging, preserving, reviewing, and describing the materials in preparation for making them available to the public.

The following is a list of folders from the General Files in the Office of Speechwriting:

Box 1
