### **Scope and Content**

The materials in FOIA 2018-0083-F are a selective, not necessarily all inclusive, body of records responsive to the topic of the FOIA.

The photographs processed for this request depict Vice President Gore with West Wing staff member Paul Cusack walking together outside the Oval Office, meeting aboard Air Force II, and on a tour of the Joshua Subdivision near Columbus, Ohio. In addition, there are photographs of Vice President Gore meeting with other staff members in his West Wing office, with the President's Committee of Advisors on Science and Technology (PCAST) in the Roosevelt Room, and with students at the Ella Risk Elementary School in Rhode Island. There are also images of President Clinton in an Oval Office meeting with White House staff.

These photographs are dated 1997 to 2000. They were taken by White House photographers Molly Bingham, Michael Deavers and Callie Shell.

### **System of Arrangement**

Records responsive to this FOIA request were found in the Vice Presidential records of the White House Photograph Office.

The White House Photograph Office assigned each roll of 35 mm film a unique roll number. The roll numbers for the Vice Presidential photographs begin with "V" in order to distinguish them from the Presidential photographs taken by White House photographers during the administration. The office created a contact sheet for each roll of film and organized them in binders by film type (color or black and white) and roll number. The contact sheets responsive to this request are arranged by binder book number, and thereunder, by roll number. The Photograph Office left gaps in the roll numbers for unexplained reasons.

Archival processing of photographs is done at the contact sheet level.

The following is a list of photograph contact sheets processed in response to FOIA 2018-0083-F:
