Scope and Content

The materials in this series are a selective, not necessarily all inclusive, body of records responsive to the topic of FOIA case 2019-0008-F.

This series consists of email messages related to the Hoh Tribe of Washington State. Included in this material is a forwarded email with attachments from Heather Dawn Thompson of the National Indian Health Board regarding support for the Indian Health Care Improvement Act in 2007.

All but one of the emails responsive to this FOIA are closed to research due to restrictions regarding advisory material.

System of Arrangement

Records responsive to this FOIA request were found in the Cheney Vice Presidential Electronic Records collection which includes email messages and electronic files. These records are maintained in the Executive Office of the President instance of the Electronic Records Archive (EOP ERA) which contains electronic records created or received by the administration of President George W. Bush. These electronic records are born-digital files and are primarily .eml, .pdf, .wpd, and .doc files.

The responsive electronic records retrieved from EOP ERA are saved in search results lists (SRLs) and are arranged chronologically by creation date. The following is a list of the SRLs saved and processed in response to FOIA 2019-0008-F:
