Scope and Content

The materials in this series are a selective, not necessarily all inclusive, body of records responsive to the topic of FOIA case 2025-0059-F.

This series consists of email messages containing White House news summaries sent from 2009 to 2014, including Bulletin News, Joining Forces News Summary, NASA News and Department of State Public Affairs Press Clips. News digests include domestic and international topics and are included in the accompanying .doc electronic file for each email. This series does not include duplicate copies per specification of the original requester and is limited to the thirty largest communications.

System of Arrangement

Records responsive to this FOIA request were found in the Biden Vice Presidential Electronic Records collection which includes email messages and electronic files. These records are maintained in the Executive Office of the President instance of the Electronic Records Archive (EOP ERA) which contains electronic records created or received by the administration of President Barack H. Obama. These electronic records are born-digital files and are primarily .eml and .doc files.

The responsive electronic records retrieved from EOP ERA are saved in search results lists (SRLs) and are arranged chronologically by creation date.

The following is a list of the SRLs saved and processed in response to FOIA 2025-0059-F:
