256 D in

E caught me why they upbldy - note for us?
we see no further date - but he made dec. on his own
won't review anything by us

disc. of Hay strategy - in FBI files - Erwin ok.

any further word on Sullivan? He's going to be over here
want to see what he has

I reason for this AM - you don't know what I know
so diff to make judgments
overall - no alt ie revision - cancer clear to keep
growing daily, compounds itself -
being allowed, people up start paying to protect others
no assurance it won't last

267 Let's -

std up note to me from H to set up legit intell ops.
I turned to Carlfield cause not fam. w/ this
told him come up w/ plan.

concern was Carlfield not man to do this
after rejected - I was told 1701 - came up w/ fieldy
had done extremely sens. thgs at w/ H
ie Ellsbury's R's office etc
Klopp not good man + good lawyer

284

to May sd to M wth id pushing us
 so M sd go ahead - not knowing plan
 had lot of diff targets
 info did come to Str & to H - no doubt about it
 Str knew what it was - H may not have
 D - "I've never pushed them on this cause hints
 to give extra incl.
 H even gave instr to chg capital. for push to Mc G
 & L decided to buy Mc G
 never suggest Mc G -
 info was coming over here

next time I came - Jan 17 - early in.
 put pieces together
 asked L - anyone in W/H - L sd no
 how happened - L pushed by May
 May sd W/H not happy w/ what getting
 D likes it was Str saying H not happy
 P - cant see why doing it
 D - sorry info re laws
 May is totally knowledgeable on whole thing

292

don't know how much knowledge M had
 May did perjure self
 they ran test by me - I said don't know -
 if that's yr. story - fine

took him to mt M - M ^{had} sent him to WH for King
told L. devel plan - after tried at CRP
May called D to mt at M's re L's plan
L laid out mil & plan - incredible
black bag, kidnapping, protest, begging, begging
M not paying & saying agreed married
2nd mtg - D in at tail end - same kind of stuff
D sd there can not ship to die in off of AG
(trying to get M off hook)
told them to pack up & get out - we can
May - M - L & D
came back & told H - growing disaster - WH out
H agreed
D that t'd off - last he heard of it
had d'ops w/L after - never told about it.

D puts pieces together
L came up w/ another plan apparently
didn't get it approved
so L + Rust saw Lolo - who did May - just a nutcase
if you don't use them I will - apparently for
Dassau's Lolo knew what they about
mostly deny & get away w/ it
was helped to get it off down
P.
thats H assumed they had a proper op
L then 5th started pushing them for info

Mag did know & spec. insisted to go into DNC

294 I honestly bel noone over here knew
Bob I don't blv specifically knew
Atr did know
Bob knew there was a capacity

294 Post Jan 17

I was under the instn not to mix
worked on theory of contempt

Totally aware FBI + GJ - I had to
Peterson's a soldier - kept me informed
blvs in you & this Admin

made true instn: narrowed - nothing rings open
ran out to fullest extent

P - why didn't call H - D - no reason to call him
Atr appeared - as result of coaching - to be discomf

302 I deal w/ Klart at Big Tree CL

They stl making demands - attys fees
ye asking us to take this thru elect
so arguments made thru M - I was present

They had to be taken care of - fees done
Klart raised cash -

some to Hunt's lawyer - his wife was taking to Carbon

306 Bob's inv E is Jan M is

+ its obs of justice

P - how H inv -

D - ran out of B - 350 in safe - getting

so they came here - I went to H

H sd what for - I told him

decided no price too high to pay to blow before shot

now up be cont. blackmail by Hunt L. McC

Cbs had told victim to Hunt re commutation

don't think Sen can find this - all case

311 The blame is cont

Hunt called lawyer at CRP Fri - lawyer to me

H dndy 72 personal 30 atty fees

by done bus yet - affairs in order - sentence Fri

D sd you came to wrong man - I'm not inv. in it

don't know thg about it - can't help you

O'B got ball player - safe - no prob

Hunt made dir that agst E - blackmail

I up brig E to his knees - beat him in jail

Ellsberg + other thigs - I don't know where

314 where are soft pts - how many people know?

Quilans were same H&L used in Calif bkgr

H&L fully aware it was right out of WH

P - why - D - I don't know

cpo. Hqs here I've gotten wind of
one time 2nd story jst on Brookings

was told E visited it - chd, he said ^{from} it off

& I did - not worth it

who knows

Quilans lawyer - Rothblatt - no good SOB

F Lee Bailey - came in to cool Rothblatt down

Bittman

O'B + Pak - they're solid, but they know

all principals - some wives - Mrs Hunt whole pic

SW

P, pt someone did raise Hunt commutation

that's extent of knowledge

soft spots

1 - conty. blackmail - not just now, when in prison etc

& w/ compound obsta justice & costs

people have aint pros - don't know how to do it

P - maybe we can't

D - that's right - plus prob raising #

324 M is working on it
no denying H-E-D involved in early raising
P-how much to D - \$1000 dollars over next few yrs.
P-you need the money we can get the money
we can get in cash - I know where can be gotten
out of is who can tell it D That's right
D - it should be charged up that right probably he
he has been getting it D told him that's enough
told to Pappas P - I know
Pappas agreed to help

324 P thing out loud here - would you put it then later on
D - no
P - some of the cash is later on other joint
will that give it a cover?
D - some for Cubans + that - Then have L - Mc doesn't
the L's not a bought man right now ^{want of}

growing cancer i.e

- 1) Krug perjured before OS - haunted by it
says I haven't had a pleasant day in my job
told wife came certain way ring down
perjured or did he know the Cubans?
sd he didn't
- 2) M + May potential payers
- 3) poss of any incriminating blowing

L strongest of all

P - yr major ^{one to} control is Hunt cause knows so much
D - right - he did sink lots.

thats lots abandoned him - no #

P - looking at mine prob - dont you have to hold
H's final site

D - I told M re that last nite

334

P - got to keep the cap on the bottle that much

D - That's right

P - either that or let it all blow right now

D - thats the g.

Shwach - at Jan 69 had \$ 7 mill to keep
in boxes ult to latif. Knowledge of this
spent a good deal since 69 - had to acct for

10 500K for priv. polling - nothing wrong
sent 400 K to bank for another card (Wallace)
meted Tony - who did Chapp study

P heard about that

nothing illegal - but explosive

dont know anything illegal - except want to know what the
10 they'll ask him re Segrette

where get cash etc.

P - how would you tell that -

D - dont bother me - not even

just not it embarrassing

(937)

Other vuls -

- runaway GJ in NY - M + Stans
as try to drive E into that
Don N Jr etc

E may have to appear at that GJ - no permit.

That's the overall pic

re Seg - H did authorize - etc
potential felony chg v C.

has to disprove his control of seg
use of state re interfere w/ campaign

P - not too concerned - just on PR side

D - make pub is growing sit - support for Wyo
& need for some to pay for

if this ever blows we're in a cover up sit
extremely dangerous to you

ie if starts bkg + they find crime can get H, D, M.

P - coming down to that ^{fact} we cannot take the heat
we have to share it a little

D - That's right H & E + M + I should sit down
spend a day or however long to fig out

1 - how came this away from you so does not den you
or P day

I know for our course there are things you
have no knowledge of

352

P - trigger man was Cols on this

D - well he was just in the chain

1 - and this took some day - someone sit
Haccured & they never heard of.

P up be hunt more

D - I am not confident we can ride thru this
There are soft spots

every body looking out for self - commands
we were able to hold for a long time
my facility hampered by Gray on just page

P - Supps you & H & E on Outout full detail.

D - One way - P tell the proavth BT

avoid criss hat for many & Min. for sure
by they then community - ie way
but some have to go to jail

P - who - lets talk about that

D - I think I will for me - P - ok tell us

D - can see people stop finger - both just

P - you were doing as Council

could cut it off at the pass.

D - the w/prop coord. w/ D. just

Pete only one I know bright and to advise us
put together w/ max rep from & mind them to
individuals

363

have faith in him -
re death just

D - I've been confident of info the case of people
who were guilty of crimes
the blame is

367 P - Suppose you got the money & way & told it
told him to me that told to Washington
have not Hunt Clemency

O - right & the others - may be untenable
not sure you can deliver on them

P - not before 78 elect for sure

D - may further involve you

P - & it's wrong

D - There've been some bad judgments made
& some new judgments made before elect
can't burden & use Admin of country that won't go away
has to be ...

who are potential crime

D - E, conspir to bring Ellsberg
picture was in files - not buried
why phone at W & in script names

don't have a plan - but should talk in terms
how to cut losses, not further compound

P - but at moment don't you agree better take the
best thing

E + H have met w/ D - never w/ M
It has potential crim lib fairly
indicted - maybe never convicted

P - if they're going to be indicted - better to fight it than
cut our losses - but if it blows up never move
so fight it out - no one testify
really witness in blackmail

D - get you up + out + away from it
or humiliate down + fight at every turn
- hope we win it. + take the heat

P - still consid - b/c Cab + laws etc.
in my mind -

D - if we go that route I can give a show

P most diff prob are the guys going to jail
+ Clewenda - has long as they sit.

P - have metz fast - today - tomorrow

D - H + E can't want to talk to M
H agrees you shld have facts

at in somewhere

D - can chg them if bloody us

P - I told up E - so he can get away from this
he reco mtg at earliest time
pushes for mtg HEM

don't want Moore there

decide - then let me know
tell them exactly what you told me
re obstr etc

then see what the time is

Stonewall + take heat?

analyze vul. pts. Hunt

Hunt blow whistle

398

P - it is all the seeps-ek know

D tells H for first time re Col - may Stonewall

P Hunt prob is serious cause of Ellsberg

D - put on rest il see basis

but why not CIA or FBI

H - cause we were chg them

D - can possibly get by on that

solves Kugh prob - was team

P must have talked H

1134

P. rather decide to manage cum pubs - not pub
for WH staff

H- of where cut-off pt is - poss of L - where a now
reg's continued paying by mag

P - + reg's total control over all defts

D - Hunts playing hard ball - where E etc.

H - what up? H' (obviously just I knew)

P - 120 M - easy to get - not easy to deliver

Try to not lose - won't work - in end bleed to death

Have to look at what they are ^{look like} cover up.

avoid criminal trial. - Bob, C, Stu + M

another way -

Cont. to try to fight it H - + Mag if you can
P - D. stop if they goes down pulled
all of him

Mag. I will dollars to take care of defts
That can be argued.

but they'll crack after we're gone
but people won't care that much

we can't del. on clemency - lots promises

D - Hunt who put by Kwas H - this year?
Klas has control of parole but + says we can del.
disid parole

P -

D - our great jeopardy is to pay the blame

430 P - we can get the \$ - no prob up that

But can't provide the clemency
money can be provided - M can provide way to deliver
H - don't see any way W + a anyone in WH involved in

trying to gin up money

D - we're already deeply ^{enough in that} involved - That's the prob

D - when they ran out of Kurlash money ^{cause after the} got 350 that up to
 & I had to explain what it was for
 H - that was sent to Lak where bled - in pieces
 & balance was all red to take - but no receipt.
 we didn't cont. piecemeal giving - what tell H - he'd get 5th
 D - every time asked had to get 5th to sign ^{to go up to desk}
 & take to Lak a proven operation
 H - this was loans to be replenished
 D - they'd have hell of a time proving it.
 P - back to money ^{the bill #} ways to get it &
 hard place ^{you're going to} hell up will sign it all off ^{to them}
 H - only way can live off - cause down years
 had to get from Nov 7 - no g.
 D - there fellows had have sold out to Rand
 P - let it go - they blow whistle - the clean way
 is that, ^{really} you see?
 D - no - not necessarily the cleanest way
 is there way ^{to get our story before us} - they was with
 haven't that, let them

1226

1226 P-E has raised pt of BT - don't know how you do it
have with call a lapse it
gives reason not to go to Comm -

puts it in every session, rules of David.
disc re BT procedure & what can do
Hill much worse to deal w/
what do to Erwin Comm - etc
g. of spec. prosec.

D - would like to have Pete on our side advising us

D - US Atty w/ pull all deficits back & manage them
won't do any good - they'll show all

ex. Hunt - that's Hunt's property
P - that's why ^{for him they} you've got no choice w/ the 120
is that right

D - That's right

P - if that ^{would you agree that} w/ buy him - better damn well get that done

D - I think he ought to be given some sig. anyway

P - for C's sake got it in a way that -

whose going to talk to him - Colson - he's the one

D - well Colson doesn't have any money - that's the thing
one of real probs - they haven't been able to raise
mill in cash it very diff prob

as we've done before

M has told to Pappas I called him last -

John asked me to call him last night after our disc
after you'd met w/ John to see what that was

+ I said have you talked w/ Rappas -
 all in code cause Mm on phone
 did you talk to the break - "Yes I have
 is the Greek bearing gifts - well I want to call
 you tomorrow on that

P- well look what is it you need on that

D- it sounds easy - but that's our burden

P- well if you had it - how would you get it to somebody

D- look look it in mail boxes - someone phones that
 will a bunch of antennas in that bus.

H- that was the thing we that M ought to be able to
 find somebody to do that sort of thing
 none of us know how to

D- have to work - to Vegas - NYC

and call this after fact
 get shape for next time around

~~the~~

H- upset about the money we moved back for here

D- they may have some

H- Kalmbach must have some

D- Kalmbach doesn't have a cent

14 The 350 was all we moved

were so square we got caught

P- suggest this -

the BT has appeal - at least were coop.

3

1274

D - once we start there's no control

did amazing job keeping on track before
I knew where they were going

P - what happens at GT

D - depends on what Mag says - chgs his story

H - that's the best leverage on Job

unless they give him minority

then have veto job

D - we have control of who they immunize

P - Hkg how P looks - we'd be cooperating

that's where this be done - GT

then exec prior before Comm

H - do we agree to all GT transcripts

D - that's not up to us - up to Court
disc. of GT route

H - to our interest to get it out

P - other pass

1 - hell w/ it - can't raise \$ - ^{Hunt} blow whistle

raises pub's - get Mag - post Cols. - M.

D - start whole FBI again

Might get E -

D - keep go down in smoke

Not see work sell in crime sit

P - we have no choice on Hunt - eventually w/ blow

4
D. see how ^{well} they out everything we know to BT
so if that blows with already told it
not incl E deal - cause that go to jail for that
P - don't go into Nath LaCave

P. other thing - have BT + com
BT appears - cause P makes the move
that's the place to do it.
can't risk M going
that's just hunker down + fight it

D - That's a high risk
P something up there
P w/ look like P is covering up

D - have to look at other alts

P - middle grad of BT + finally ---
or pub shut up BT
disc.
have to move fast if sentence on Fri

D - As ^{old} call Suica + ask delay sent packets
Kldst has good rapport w/ Suica

5.

D - The person I feel we did use is Pete
anward - but remove him - to dis. w/ him
spec. assnt. leave
advise what is over - etc

P - how did you get him out

D - appeal dir to Ratt

P - P call in as spec. co. to W.H.
rather than D?

D did rec. that to P.

(D didn't seem to know Pete planing to do)
You see if Klds & can get off
2 - get M down tomorrow - dis. this
H why not tonight

P - I'll not up for - or D report to me at end
I shall stay away from M side of this

- Good to consid these options
when have right plan

no doubt you were right before election
need new plan now

H - have to turn off election - comes to P
at any cost
