A classically-trained soprano who studied at Julliard, she has performed with every major orchestra in the United States and currently stars in the hit ABC television series "Private Practice." In addition to her television and theatrical work, she

maintains a major career as a concert and recording artist appearing regularly on the great stages of the world. Most recently, Ms. McDonald joined the New York Philharmonic for a gala concert celebrating the 120th anniversary of Carnegie Hall. Last season, she gave solo concerts with the Philadelphia Orchestra and the San Francisco Symphony, and celebrated Stephen Sondheim's 80th birthday with the Chicago Symphony Orchestra and the New York Philharmonic.

In the fall of 2011, Ms. McDonald makes her debut as Bess in a new production of *Porgy and Bess* at the American Repertory Theater, followed by a coast-to-coast U.S. concert tour.

National Symphony Orchestra conducted by Christoph Eschenbach
Now in its 80th season, the National Symphony Orchestra is the affiliate of the John F. Kennedy Center for the Performing Arts, and regularly participates in events of national and international importance, including performances for state occasions, official holiday celebrations, and one of the nation's finest education programs. Through its foreign tours the NSO also fulfills an important international role. NSO Music Director Christoph Eschenbach is one of the world's finest musicians, globally active as conductor, pianist, and mentor. In his first season with the NSO, his distinguished leadership has already had a profound impact on the NSO's artistry and reputation.

George Li
George Li gave his first public concert in Boston at the age of nine and has performed extensively since then, including appearances with the Cleveland Orchestra and Venezuela's Simon Bolivar Orchestra. He studies with Wha Kyung Byun at New England Conservatory, and plays with technical brilliance and interpretive depth far beyond his years. As the First Prize Winner of the Young Concert Artists International Auditions, 15-year-old Li makes his formal debuts this Fall opening the Young Concert Artists Series at Washington's Kennedy Center and New York's Merkin Hall. Next month he performs on a European tour as soloist with the New England Conservatory Orchestra including Vienna's Musikverein and at Germany's Festspiele Mecklenburg-Vorpommern.

James Taylor
James Taylor was featured on the cover of Time magazine in 1971, heralded as the harbinger of the singer-songwriter era. Four decades later his warm baritone, introspective lyrics and unique guitar playing have set a precedent and blazed a path to which countless young musicians have aspired. He has sold more than 50 million albums, beginning in 1968 when he was signed to The Beatles' Apple Records. Throughout his long career, Taylor has earned 40 gold, platinum, and multi-platinum awards and five Grammy Awards. He recently received the National Medal of Arts from President Obama in a ceremony at the White House. The medal is the nation's highest honor for artistic excellence recognizing "outstanding achievements and support of the arts." Raised in North Carolina, Taylor lives in Massachusetts with his wife, Caroline, and their twins, Henry and Rufus.
