FYI

Somewhere in the John Hackett (State official in the records and information management operation) declaration there is a statement regarding our/AC's involvement in the personal records review. As you can see from the press inquiry there is emerging interest in our work on this.

I just learned from John Hamilton when we were discussing several other matters that there have been filings or rulings today related to the speed and/or method of release of the FOIAs from State based on John Hackett's declaration that was released late last night.

Gary Stern is trying to reach me, hopefully to explain this.
