This is the loop we just closed with N, ND, and C.

Robin and Donna - What is the timing of the communications with NARA staff? I would like to send a message to AC staff - even a brief one - before this goes more broadly. I had planned to do this earlier this morning with the ICN, but it was broken.

Gary - We need to talk about preparing for the HAC next week [REDACTED]. Perhaps we can chat after our meeting with TIGTA at 11:00am.

Thanks, Paul

Our crew just reviewed what we think was the last version (from Gary). We essentially accepted the edits, added the missing date, etc. It is attached.

I think we are done.

Please confirm that this is set, or let me know what else we need to add or change.

Thanks, Paul

I think you have it. Once you get a final version please get David's final review and we can get this out.

David, Deb, and Jay:

Attached are two documents that we've (NGC and AC) put together today:

- (1) Press Background on NARA re State
- (2) State Dept Fact Sheet - AC edits

After your review, our proposal is to release the "background" document to the press/public. 000092

We propose using the "fact sheet" as an evolving document for internal use only as talking points for other documents. For instance, I need to develop a message for the AC staff and we need a message for all NARA staff for a Declarations post. We would add content to this document to respond to other issues that will develop.

Please let us know what you think, and if you have any questions or comments.
