The Latest on the State Department response to the Secretary Clinton email issue: As expected last night, Paul Wester received a written response from the Department of State to his March 3rd letter regarding former Secretary of State Hillary Clinton's use of a personal email account to conduct Federal business. We are evaluating the response and will respond as we do in each of these cases, per the requirements in our SOPs and 36 CFR 1230.14. On Monday afternoon, April 6th, NARA and OMB's Office of Information and Regulatory Affairs will conduct meetings with the Senior Agency Officials for Records Management at the Main Building in Washington. Our staff continues to respond to numerous expedited FOIA requests from the press and public interest groups interested in email management at the Department of State. In the coming days you should expect to see more reports in the press about this issue. FOIA (b)(5)
