

Metro Courier

Metro Courier Pickup and Delivery Service from NARA's Federal Records Centers

Introducing Metro Courier Service from NARA's Federal Records Centers, now available in select metro areas.

▶ **Premium**

Ideal for urgent reference requests that require original documents. FRC staff retrieves your records and delivers them directly to your agency.

▶ **Fast**

Have your original documents in hand the same business day!

▶ **Cost-Effective**

The Metro Courier delivery rate is cheaper than using a commercial overnight carrier. FRC also offers a flat rate per delivery for larger requests. With Metro Courier, you get faster service at less cost to your agency!

▶ **Efficient**

You can also use Metro Courier service to transfer files to your local Federal Records Center. For the return trip, our Metro Courier drivers can pick up records from your agency to be refiled at the FRC.

Contact your Local FRC Director (www.archives.gov/frc/directors.html) today for more details on Metro Courier service or to schedule a pickup or delivery.
