	The Defense Commissary Agency submits the attached items for your review and approval to schedule records that require scheduling as a result of its Enterprise Data Warehouse (EDW).		

Defense Commissary Agency (DeCA)

Enterprise Data Warehouse (EDW)

System Background and Purpose: The EDW is a data warehouse that provides a single, logical view of product and sales data across DeCA allowing end users to make informed business decisions. EDW obtains data from DeCA business systems and transforms the data into an appropriate data warehouse format using business rules defined by functional experts. The transformed data is maintained in a Teradata database in a format that provides quick access to required raw data, summary data, and reports. EDW receives data from the Commissary Advanced Resale Transaction System (CARTS), the DeCA Interactive Business System (DIBS), the Commissary On-Line Product Pricing System (COPPS), Defense Business Management System (DBMS), Manpower Database (MDB) and the Accounting and Inventory Management System (AIMS).

DeCA hosts the EDW on a set of clustered Teradata servers and the extraction, transformation and load processes on an HP-UX server called RP 8400.

EDW provides the ability for end users to obtain business data critical to decision making. EDW provides data to both DeCA staff and business partners.

Restrictions: EDW contains information that is subject to the Privacy Act of 1974.

EDW TABLE OF RECORDS

Item No.	File Name	Description	Disposal Authority
1.	Master data Files	The EDW consists of 3,270 data elements pertaining to DeCA business transactions. The elements in the master data files include, sales and receipt, financial, item maintenance, product and pricing, ordering, inventory, and reference information, all which serve to perform, track, reconcile, and complete DeCA business transactions.	Temporary: COFF: end of FY Delete: 7 years after COFF <i>Exception to GRS 6, Item 1a</i>
2.	Inputs	Data extracted from other DeCA business systems pertaining to Commissary Operations, transactions, and functions. Other business systems include: Point-of-Sale Technology Refresh (POS-TR), Commissary Advanced Retail Transaction System (CARTS), Commissary On-Line product Pricing System (COPPS), and the DeCA Interactive Business System (DIBS).	Temporary: GRS 20, Item 2b Delete/DEST: when data has been entered into the master file or database and verified, or when no longer required to support reconstruction of, or serve as backup to, a master file or database, whichever is later.
3.	Outputs	Transformed data from DeCA business systems in the formats of raw data, summary, and report format. Outputs are provided to POS-TR, CARTS, COPSS, DIBS, Automated Vendor Credit Memo System (AVCM), Commissary Operational Management System (COMS), Army and Air Force Exchange System (AAFES), Defense Finance and Accounting System (DFAS), and Command Unique Tracking System (CUTS)/Korea Unique Rations System (KURS).	Temporary: COFF: end of fiscal year DEST: 7 years after COFF

Item No.	File Name	Description	Disposal Authority
