1	<p>PUBLIC AFFAIRS (Table 190-1) (Applicable Air Force-wide)</p> <p>Air Force proposes changes to three rules, and deletion of one, in Table 190-1 on national scouting organizations documentation. Currently, these rules cover "Air Force Cooperation with the Boy Scouts of America" documents. This cooperation has now extended to Girl Scouts of the USA and Camp Fire, Inc; thus need for a more general term, "national scouting organizations." The documents of these rules remain similar, but we reorganized the decision logic table structure for easier understanding. Rule 17 was deleted, as its document's contents and proposed disposition was same as contents and proposed disposition for Rule 16. The dispositions, however, were changed for the following reasons:</p> <p>Rule 16: Current disposition means these documents could be kept forever, as it is doubtful that Air Force will ever be relieved of participation in the scouting program. Their destruction after 2 years is adequate, since these monthly installation summaries are incorporated into the monthly regional reports, which are in turn destroyed after 2 years.</p>	NN-170-33	3 items

2	Rule 18: Disposition remains the same, but we deleted unnecessary reference to where the reports are located.	NN-170-33	
3	Rule 19: Current disposition changed for same reason stated in Rule 16. Also, many installations will most likely never inactivate. Their proposed destruction after 10 years is preferable, as these documents are used as background data for Air Force community relations programs and serve historical purposes.	NN-170-33
