FACILITIES BOARD (Table 86-3)
(Applicable Air Force-wide)

The purpose of this submission is to change the disposition authority for rule 1 from permanent to destroy after 5 years. Present rules 1 and 2 are combined. Single-base, commands or special operating agencies may establish either a base or a command board, as deemed appropriate. The Facilities Board provides corporate review and judgment concerning use of real property facilities and civil engineering fiscal and physical resources in support of the mission. For example, the following real property management actions must be presented for board approval (1) real property maintenance and repair for contract; (2) requests for minor construction above the base civil engineer's approval authority; (3) the military construction program; (4) utilization of existing facilities with emphasis on consolidation and compression of existing function to reduce Operation and Maintenance (O&M) expenditures and maximize deactivations/disposal of substandard facilities, and etc. The minutes of the board are needed to monitor the approved actions for at least a 5-year period, then may be destroyed.

Mass data change sheet required. Copy of job sent to NNM by RAW, 12/22/82.
