9000. Policy Development and Support Files. These files contain documents received, generated and maintained, in the Office of the Secretary, to support the review, analysis and development of policy on issues of significance to the Department at the level at which they are collected. Typically, they consist of files, organized alphabetically by issue or topic, containing copies of documents including, but not limited to, the following: correspondence; reports; legal analyses and court documents; briefing papers and talking points; memoranda; meeting agenda, handouts, and summaries; email communications; and hand-written notes.

Generally, these files reflect the *broad* scope of issues on which the primary official on whose behalf they are collected and maintained was consulted or engaged during his/her tenure with the Department. They do not include the development of policy on single issues (e.g., Privacy Act policy) or groups of closely-related issues (e.g., policies issued by the Chief Information Officer) maintained by agency officials charged with managing these programs; these records are covered by subject-specific schedules.

These files do not contain Indian Fiduciary Trust documents.
