This Request for Disposition Authority is intended to cover records created and maintained by former Commissioners, Deputy Commissioners, and their staffs. **Records are from 1992 and prior years.**

Some of the records covered by this SF115 deal with individual taxpayers and tax return data protected by section 6103 of the Internal Revenue Code. A withdrawal notice will replace the records in the original file. In addition, a listing of the records removed by the IRS is included in each box of removed records. The listing will identify the original series and box from which the file was removed (including WNRC accession number and box number where appropriate). In the event the impasse over section 6103 is resolved, the restricted records can be returned to the original file.
