EPA Records Schedule 299

Status: Final, 10/31/2009

Title: Budget Automation System (BAS)

Program: Budget Operations

Applicability: Agency-wide

Function: 402-125 - Budget and Finance

NARA Disposal Authority:

This schedule authorizes the disposition of the record copy in any media (media neutral), excluding any records already in electronic form. Records designated for permanent retention must be transferred to the National Archives in accordance with NARA standards at the time of transfer.

- N1-412-09-1

Description:

The Budget Automation System (BAS) automates EPA's budget processes, including planning, budgeting, execution, and reporting. Budget data is entered at a general level by offices and regions or by the Office of the Chief Financial Officer (OCFO). The system maintains snapshots of the budget as it exists at key stages of the process. Budgetary transactions are entered into the system and edited against business rules and budgetary limitations. Authorizations and approvals of transactions are done on-line with an audit trail of each transaction. The system serves as the source of information on EPA's organizational structure, planning structure, budget structure, fiduciary structure, and the business rules.

This system interfaces with the Integrated Financial Management System (IFMS) and the EPA Payroll System (EPAYS) which are scheduled separately. It replaces the Resources Management Information System/Budget Analysis System (RIMS/BARS).
