Background Information

The Thrift Savings Plan (TSP) is a retirement savings and investment plan for Federal employees established in the Federal Employees' Retirement System Act of 1986, which has been codified as amended largely at 5 U.S.C. §§ 8401-8479 (1994). It is managed by the Federal Retirement Thrift Investment Board (FRTIB).

The following disposition schedule relates to the records maintained by the FRTIB's Office of Benefits and Program Analysis (OBPA). This office is responsible for planning, developing, and implementing policies and procedures related to the administration of TSP benefits programs (loans and withdrawals, including annuity products). In addition, this office is responsible for the development of estimated program activity levels and agency financial models, and for budget preparation and program review. It is responsible also for monitoring the status of audit recommendations and providing reports to the Executive Director on the progress of each active recommendation.
