## PROJECT CASE FILES:

Records of each WS-FLOT project as case filed according to the subjects listed below. Identify each folder with the project's full name, the file subject and code. Folder labels preprinted as Form SCS-65 are prescribed. Exhibit 842.6) They require only the typing of the project name on one label and adding "PILOT" to the code of the subject label. The states listed below are designated as the archival record copy office for the identified (PILOT) project. They will identify records (case files) and offer them to the archival section of the FRC in which they are located when files become inactive for administrative purposes (see ASH 833).
