11. 76-235	SAR 135 DET SAVE Imp This cumulative file is a Schedule A recode of 1974 Annual Import Summary Data. Unlike most import files which identify the commodity by its TSUSA number, this recoded file identifies the commodity by a Schedule A code number which is a less detailed coding system than TSUSA. The file data includes Schedule A code, country of origin, and current month and year to date quantity and value of shipment for each mode of transportation.	DESTROY IMMEDIATELY	
12. 77-316	January-December 1974 115 Net List. 12 tapes (8C) Monthly microdata file containing data extracted from individual copies of customs Bureau import entry documents that are supplied to the Census Bureau for purpose of statistical aggregation. The file data includes the TSUSA commodity code, country of origin and foreign port of export, quantity, value, and weight of commodity, price importer was billed, customs duty, mode of transportation, airline or vessel code, and state of ultimate destruction. There is a separate tape file for each month .	DESTROY IMMEDIATELY
