	The Defense Commissary Agency submits the attached items for your review and approval to schedule records that require scheduling as a result of the Meat Cutting System and Central Meat Processing Plant (CMPP) system.		

Defense Commissary Agency (DeCA)

Meat Cutting and Central Meat Processing Plant (CMPP) Systems

System Background and Purpose: The Central Meat Processing Plant (CMPP) and meat cutting systems are applications used by meat managers to manage catalog data, process store orders, compute retail selling prices and inventory value. The systems are used to store the meat cutting tests results and inventory results. The inputs to this system pertain to wholesale prices and weights of various meats. The inputs are processed manually by CMPP personnel. The meat cutting and CMPP systems allow users to print cutting test and inventory results with suggested retail prices. The meat cutting system and CMPP system outputs include:

- Various Reports to include Store Shipping, Price Changes, Cost of Markup
- Tests to include meat cutting and meat processing test
- General Ledger to include:
 - Receipts
 - Transfers in/out
 - Vendor Credit Memo
 - Vet Samples
 - Cash Sales
- Inventories
- Store Information

Restrictions: Contains sensitive financial information not releasable to the public.

This schedule is submitted as “Media Neutral.”

Meat Cutting Systems TABLE OF RECORDS

Item No.	File Name	Description	Disposal Authority
1.	Master data Files	Contains information relating to the processing of meats in commissaries world wide.
