	APPLICATIONS FOR EDUCAT (Table 53-2 (Applicable Air Fo	?) orce-wide)				
1	Rule 6. Added, to dispose of applications for intelligence education programs 2 years after selection board action, or when no longer needed, whichever is later. Reason is that the Air Force Intelligence Agency assigns a monitor for each participant in intelligence training programs; who needs these records to monitor the trainee's progress, prepare effectiveness reports and performance appraisals, and ensures the trainee completes the training. Also, some of these intelligence education programs last two years or longer. If the applicant is non-selected for training, we still want to keep the applicant's records for same period of time since there is a good chance the applicant will qualify for the same training later or some other intelligence course.
