INDIVIDUAL MILITARY PERSONNEL RECORDS (Table 35-1)
(Applicable Air Force-wide)

The purpose of this submission is to schedule the Air Force morning reports, 1947-1966 and indexes. Although these are discontinued records, they will be included in AFM 12-50, table 35-1 as rule 19. We want them recognized and accounted for as Air Force records.

During the years 1947-1966, morning reports were prepared daily by Air Force units. They constituted the Air Force's official, basic personnel accounting documents, containing information on any gains, losses, or changes in status of personnel assigned to a unit. The morning reports for the period 1947-59 are on microfilm, the hard-copy having been destroyed, while those for 1959-66 are on paper. The reports are now located at the National Personnel Records Center (Military) in St. Louis, Missouri, where they are used by the Center's staff in documenting military service.

Morning reports are clearly an important personnel record and obviously possess long-term administrative value. With this in mind, this disposition request provides for the disposal of these records, which are now unscheduled,
