INACTIVE - ALL ITEMS SUPERSEDED OR OBSOLETE

Schedule Number: NC1-AFU-84-037

All items in this schedule are inactive. Items are either obsolete or have been superseded by newer NARA approved records schedules.

Description:

In 1989, Air Force submitted N1-AFU-90-003 to cover all of their temporary items in AFR 12-50, Volume II, Disposition of Air Force Records (dated 1987) under a single job number. The items on this schedule are temporary and match N1-AFU-90-003, therefore, they are superseded by that schedule.

Date Reported: 12/1/2024 NC1-AFU-84-037

UNI	, ORGANIZATION AND ATERIEL CONTROL SUPPLY (Table 67-3) (Applicable to AF Technical Application Center, Geographically Separated Units)				
1	The purpose of this instruction is to establish a new rule 15.1 for the unit record maintained by the Air Force Technical Applications Center geographically separated units (AFTAC/GSUs). The rationale for this retention is that:				
	a. To effectively support imperative to maintain the DO4 months. The DO4 is the primary the GSU supply representatives data contained inthe DO4 is the of information to formulate and buget, to make decisions on bersupply point levels, to justify levels, and to update the GSUs	for more than supply list: The background only single control the ach stock and supply spec	n three ing for ound source GSUs' forward ial		
	b. Additionally, D04s are ment tool for the IG and Field Team (FAST) visits. The D04 is teams' source document to deter	Assistance Some the IG and I	taff FAST		l i tem

GSUs are enforcing supply discipline and for investigating offenses under the Fraud, Waste and for investigating offenses under the Fraud, Waste and Action Taken Abuse Program. The IG/FAST visits are made approximately every 15 months; therefore, 3 months worth of data would not provide the information necessary to accomplish an in-depth visit. c. Maintaining the DO4 for three months would be sufficient under normal conditions. For instance, a unit at base level requiring data older than three months could go to base supply and utilize Document Control listing. Because of the GSUs separated location from the base supply, they are not afforded this capability. Therefore a retennot afforded this capability are not afforded this capability. Therefore a retennot afforded this capability are not afforded this capability. Therefore a retennot afforded this capability are not afforded this capability are not afforded this capability afforded the capability.				-
